Mr. Turner;

I, as Editor-in-Chief, and Michael, as Editor of the book, "THE FIGHT 'N 451st BOMB GROUP (H)" have the distinct pleasure of commending you and your staff on the excellent product you produced from our manuscript, pictures and materials.

This book is now on display in several national and local museums, and World War II historians are now using it as a reference to furthering their pursuits.

It was also instrumental in the 451st Bomb Group having the largest attendance at their September 1990 reunion, of any reunion they have held to date. That reunion was held in Omaha and at the old Fairmont Army Air Field near Fairmont, Nebraska, where they trained prior to going to Italy.

The Geneva Nebraska High School Senior Class history students have taken, as their project, the production of a historical video, to be added to the library that this book has started.

Again, Mr. Turner, we believe the quality of this book makes it the finest product your organization has completed to date.

Sincerely,

Sedgfield D. Hill
President.
