Dear Mr. Turner,

On behalf of the U.S.A. Airborne Fiftieth Anniversary Foundation, I want to express our gratitude and appreciation for the outstanding commemorative book you published for us. I should more accurately say produced for us because you and your talented staff did so much more to assure a publication of the high quality that 'AIRBORNE' connotes and deserves.

The experience, abilities, knowledge, professionalism, and caring brought to bear on this project by you and your staff have made it possible for our small group of inexperienced amateurs to fulfill our responsibility to put together this Airborne Golden Jubilee commemorative book. Thanks to your patience, advice, counsel, and generosity; Dr. Scott Garrett's writing and editing skills; and the lay-out and design artistry of Ina, the resulting book is the archetype against which all future generic Airborne books will be measured.

All of us on the Executive Committee have had some association with the publication of other military books and, in our opinion, Turner Publishing Company has no peer in the development, production, and marketing of military publications. How wise and fortunate we were in the selection of our publisher.

With all best wishes for your personal and business success,

AIRBORNE!
