Dear Friends,

This is Al Ramasamy.

Now, R. Alagerusamy.

I had been travelling and looking around for the past five months.

Lot of changes here, in this Country.

Serious Industrialization is going on. Lot more Cars and Consumer articles than before.

I have decided to live in mountains. ~~The~~ Name of the place is 'Kolli Hills'.

It's a beautiful place with
very nice weather.

I, along with a few of my old
friends have formed a Company

The business is agriculture -
grow trees, Coffee and Spices in
a small scale. My intention
is to live in that place and
do something! We have already
bought some land.

Hope everything is going
wonderful with CCMI.

Have a merry Christmas and
a happy New year!

- Al Ramasamy
