Dear Mike:

As you can see from the attached activity assignment list, things within the EC are getting really organized. That's the good part.

Now for the bad part. How do we get our jobs done most efficiently? By "our jobs" I mean the jobs that you have been so active with and those which you and I want to work on together.

I'm at Oshkosh as you read this and I'll return late Aug. 8th.

Your calendar input sounds great thus far. Turner's not as bad to work with as some people think, right?

The directory: can we put in a call via NL for all those desiring to have their e-mail addresses included write to some address to make it happen? Gary Roush might be able to just receive those via e-mail & shoot 'em directly into some format...I don't know.

FYI, I'm trying to use some influence to do the directory as a book somewhere between the short version and the long version. Then do an addendum or something the next year.

Help! We need to keep this out of the limelight and get it done together. Let's talk soon. I layover only an hour 'twixt flights on 8 August in Denver: UNITED 5583 ARR 4:35 PM, UNITED 591 DEP 5:32 PM. Then Aug 23, Marcia and I go to Denver, UNITED 760 ARR 2:31 PM. We go to COS for a party and return 25 Aug. From DEN-OAK on UNITED 1401, 9:20 PM. Somewhere on Sunday 8/25 maybe we can get together, OK?

Best Regards,

Ken
Fritz
