Dear Dan:

Have received the information that you sent regarding the American Helicopter Museum & Education Center. It appears to be a very worthwhile endeavour.

I sent copies of everything that you sent to me to the other council members except for the plastic bound brochure. I would suggest that you send a copy of the bound proposal to those names numbered 1 thru 6 on the attached sheets and we will discuss it at our next Executive Council meeting.

Thanks for sending it and I look forward to further contact with you regarding this.

Best regards,

cc: Executive Council Members
