To: VHPA Exc.Council

From: Gary Slaughter

Re: Proposed vender policy amendment; to be discussed at the
11-5-89 conference call.

V.H.P.A.
Vendor/Display Policy Amendment

(PROPOSED)

Effective with the 1990 VHPA reunion and all reunions thereafter, an amendment to the existing "Vendor Policy" shall be in effect as follows;

All vendors/displays authorized to participate in VHPA annual reunions shall adhere to certain standards as generally recognized and accepted by all members of the VHPA and their guest. Those standards of merchandise displayed for sale or show shall not be offensive to the public eye, as to the nature of any political statements/gestures, obscene signs or literature, symbols or wording of profanity, in any manner that would be counter productive to the public image, moral character of the Vietnam Helicopter Pilots Association and its NON-POLITICAL view of the Vietnam War.

All items that are to be displayed at the annual reunions will be of a product nature that coincides with the VHPA approved logo, helicopter paraphernalia, aviation oriented material, or other items so authorized by the Exc. Council.

The intent of this policy is to protect the rights of all members and their families attending the VHPA annual reunions, as not to be offended by any article of display controversial to obscenity or political views. The VHPA is not attempting to regulate a vendors inventory, rather consummate a productive and enjoyable reunion for all ages and walks of life!
