Larry,

Here's a quick recap of our 'recruiting' at AAAA in Atlanta this past week. Dave Greizer, John Staugard, & I got 33 paid memberships, 2 people who requested 'billing', 14 who submitted information only, and one K.I.A. listing from a widow. 11 people gave checks and they are attached to the applications, and 22 paid with cash which I've converted to a money order which is enclosed.

We estimate we gave out about 400 applications to eligible individuals who may join or send in their information later. A couple of noteworthy joiners were:

Mike Novosel - winner of the Medal of Honor in Vietnam as a Dustoff pilot.

Roger Duprey - who was the 'Army Aviator of the Year' in Atlanta

Jack Klingenhagen - A retired Major General who's real outgoing with a lot of 'contacts'

Mike Davis - who sings Vietnam Helicopter songs, performed at AAAA, & would like to perform in D.C.!

I'll follow up with more info about Atlanta later, with some pictures possibly for the newsletter. Perhaps if you could track any more of the applications that come in with "AAAA" in the left corner, we'll get a better idea of the total 'recruitment' - Bye for now -

John Harris

(P.S. A lot of the new paid members would like to get the reunion info about D.C. ASAP.)
