Gentlemen:

Attached please find the minutes from our 7 January Council meeting.

Please note that there were several items Roger asked each of us to "think about" and that he very specifically asked that our input concerning any Constitution and Bylaws changes be sent to Paul. If you have not already written down your ideas and sent them to Paul, maybe we could all do this in early February?

As always, if you believe corrections are needed; please don't hesitate to contact me.

With Warmest Personal Regards,

Mike Law
Executive Director
