Dear Mike,

Of the 283 pilots that you sent me I found 37 potential new members and 6 addresses of members that we lost contact with. I have enclosed a list of guys that you don't have and some address corrections. Thank you for sending the list to me. I really appreciate your support and help. Your are listed as a subscriber of the Blackhawk Newsletter. Also thank you for sending me the stamps.

I will be advertising the VHPA 1995 Calendar and the Historical Reference in my upcoming Newsletter. Regarding getting together a history of the 7/1, It's easier said than done! At our reunion in August of 1995 I will try to get together some volunteers who will try to write a history.(Keep in mind that the last two members who volunteered to do something never followed through).

Enclosed you will find a check for \$10 for the Membership Directory. Thanks Again!
