

APRIL
1968

"DUST OFF"
50th Medical Detachment (Hel Amb)
APO San Francisco 96316

Commanding Officer: Major Ronald C. Jones

First Sergeant: SFC James T. Ratliff

Monthly News Letter

1 May 1968

"It is when we forget ourselves that we do things that are long remembered."

"Success is the ability to get along with some people and ahead of others."

NEWS

A new phase of construction went under way during April. The maintenance section poured a new concrete ramp for their office and working area. A new maintenance office was completed and moved into, which has centrally located all aircraft maintenance in one area of operation.

The DECCA NAVIGATIONAL SYSTEM has been installed in our aircraft, and the beginning of its operational usage was begun at the completion of our pilot orientation given by the area Decca representative.

A day of glory came to the White Horse Division, Korean Army, on 8 April 1968, as operation Tokabi, was brought to a close. During the three day operation the ROK'S destroyed two NVA Battalions of the 95th NVA Regiment. Dust Off was given praise for the services rendered in support of the ROK's during this victorious operation.

AWARDS

The following individuals were decorated by Lt Colonel James W. Thompson, 43rd Medical Group, Commanding Officer, during the monthly awards ceremony.

Major Ronald C. Jones, Detachment Commander, received the 1000th HOUR COMBAT FLYING PLAQUE for distinguished service to his country while participating in sustained aerial flight, in support of the free world forces in the Republic of Vietnam during the periods:

28 May 1963 to 15 May 1964
14 October 1967 to 13 March 1968

Major Jones' outstanding degree of professionalism and devotion to duty has brought great credit upon himself, his organizations and the United States Army.

Captain Ronny E. Porta received the third and fourth oak leaf clusters to the Air Medal for meritorious achievement, while participating in sustained aerial flight, in support of combat ground forces here in the Republic of Vietnam.

For Valor, Captain Porta received the fifth oak leaf cluster to the Air Medal with "V" device. On 6 November 1967, Captain Porta received a request to attempt a hoist extraction of six seriously

wounded U.S. soldiers, under the conditions of an insecure extraction site and the requirement of positioning his aircraft between two entangled jungle canopies. He accepted the mission and courageously exposed his unarmed helicopter to the vicious fire from enemy small arms and automatic weapons. After extracting the two most seriously injured patients, he withdrew from the extraction site to reduce his exposure rate and permit his crew time to remove the patients from the forest penetrator. Realizing that the critical need of the remaining casualties demanded immediate attention, he skillfully maneuvered his ship three more times braving the hail of bullets to safely extract the six seriously injured soldiers. As our call word signifies, we give Dedicated Unhesitating Service To Our Fighting Forces — "Dust Off".

The following two individuals received the Basic Air Medal for meritorious achievement while participating in sustained aerial flight over hostile territory:

SP4 PATRIAMOR E. AGULLANA
SP4 PETER GOLDBACK

The Good Conduct Medal, (first award) was awarded to SP5 Thomas J. Kelly for exemplary behavior, efficiency, and fidelity while serving his country from: 13 January 1965 to 12 January 1968.

SP5 David R. Painter was awarded the USARV Certificate of Achievement, who, during the period April 1967 to April 1968, displayed singular perseverance, fidelity and professional competence while rendering meritorious service in support of the counterinsurgency effort in the Republic of Vietnam.

Clusters to the Air Medal for meritorious achievement in repeated aerial flights over hostile territory were awarded to:

Captain Peter M. Hansen	—	10th and 11th Oak Leaf Cluster
Captain Ottis G. Turner	—	2nd, 3rd, 4th Oak Leaf Cluster
WO1 James D. Semones	—	7th, 8th, 9th Oak Leaf Cluster
SP5 David R. Painter	—	9th and 10th Oak Leaf Cluster
SP5 Gerald L. Sterns	—	3rd and 4th Oak Leaf Cluster
SP4 Hugh L. Howell	—	2nd, 3rd, 4th Oak Leaf Cluster
SP4 Neal A. Stanley	—	2nd and 3rd Oak Leaf Cluster
SP4 Russell L. Wright	—	4th and 5th Oak Leaf Cluster

CAMPAIGN PARTICIPATIONS

KOREA

THIRD KOREAN WINTER	2 Dec 52 to 30 Apr 53
KOREA SUMMER-FALL 1953	1 May 53 to 27 Jul 53

ADDITIONS

This month brought the unit three new members. From the 498th Medical Company (Air Amb) we added:

PFC ANTHONY R. THOMPSON - Helicopter Mechanic

From the 91st Evacuation Hospital we received:

SP5 CHARLES T. CAHILL - Medical Specialist

And our arrival from the states this month was:

WO1 WILLIAM T. DILLARD - Aviator

With the addition of Mr. Dillard, our Aviator strength came to the authorized twelve. This is the first time the 50th Med Det (Hel Amb) has been privileged in having its complete authorization of Aviators.

VIPS

On 9 April 1968, the services of the 50th Medical Detachment (Hel Amb) were given to LTC Nickles Conti, USARV Medical Consultant; LTC Gene Aaby, USARV Surgical Consultant; and LTC Rose Straley, USARV Assistant Chief Nurse, who paid a visit to the 91st Evacuation Hospital. The usual outstanding VIP service was rendered to these visitors.
