

Dear Sir:

An attempt is being made to establish a non-profit organization of the Viet Nam Helicopter Pilot's Association. To be eligible for membership in this group a person must have served on active duty as a helicopter pilot of the U.S. Armed Forces during the Viet Nam era.

Our immediate goal is to obtain an up-to-date mailing list of pilots and determine if there is enough interest to continue with this effort. Our long term goal is to hold a reunion within the next year and perhaps publish a newsletter to members.

Please complete the attached questionnaire and feel free to make extra copies to pass along to any other pilots you may be in contact with who flew in Viet Nam.

Sincerely,

Larry Clark
