Attn: Database/Records Committee
Wichita, KS 67277

Gentlemen:

I thoroughly enjoyed Reunion 88 and am glad to see the services offered by your committee.

I didn't see my class, WORWAC 67-1, included in your database and followed the recommendation of searching old trunks and files. The mimeographed social roster didn't reproduce as well as expected but the hard to read names can be verified with those listed in the Graduation Exercise booklet.

I've recently purchased an IBM compatible with 640K, 20 meg hard disk, and the printer, adequate for my home needs, is a Star NP-10. I am at the neophyte stage of computer literacy but would still like to learn more about helping with the database.

Sincerely,

Jim Smith
