Dear Mike,

The thing that makes editors and contributors pull out their hair has happened. Either the information that I sent to you on the 33<sup>d</sup> Trans Co and the 8<sup>th</sup> Trans Co was unclear or somehow became confused in the publishing process. The picture on the back cover of the 1991 Membership Directory is not of 33<sup>d</sup> Trans Co H-21's but, I believe, of ones from the 8<sup>th</sup> as evidenced by the missing vertical stabilizers on 3 of the ships.

That picture is a clipping from an article that appeared some years ago in the local PBS magazine prior to its airing of the Karnow Vietnam series. The actual photographs that I sent you were of the 33<sup>d</sup> Trans Co and the operation which you cited in the credits. Mike, I'd \* appreciate it if you could arrange to have a correction printed in the next newsletter. Hopefully \* by then you'll have received additional mail that will be able to identify the time and location of picture that you did publish.

I'd like to take this opportunity to thank you and all of the officers and staff of the Association for the fine job that you have done and are continuing to do. It was a genuine pleasure to talk to you when you called me for information. I do hope to make one the reunions and meet you personally.

Sincerely,

  
Peter W. Fabien
