Type of Casualty: Hostile, Non Hostile & Missing in Action
Cause: Most all aircraft
Service or Social Security Number

Other information is referenced to books and material provided by members of the DUSTOFF Association.

DUSTOFF 90 - 12 FEB 68

DUSTOFF 90 was the call sign of the air ambulance from the 50th Medical Detachment (Helicopter Ambulance) that was overdue and lost while on a mission from Ban Me Thuot to Ghia Nghia, South Vietnam on the night of 12 FEB 68. No wreckage of the helicopter was found.

Aircraft Commander	Captain Jerry Lee Roe, MSC
Pilot	CW3 Alan Wendell Gunn
Crew Chief	SSG Wade Lawrence Groth
Medic	SSG Harry Willis Brown

During October 1992, the Aircraft (#67-17027) was located and the crash site examined by U.S. casualty recovery team personnel in South Vietnam. Positive identification was possible despite the condition of the aircraft and much of the wreckage having been taken away and/or washed down the steep mountain slope. No trace of the crew was discovered and a detailed site examination is scheduled.

The 50th Medical Detachment served in Vietnam from 1967 to 1968 and was deactivated on 1 July 68; forming up the Air Ambulance Platoon of the 326th Medical Battalion, 101st Airborne Division, known as "Eagle Dustoff".

The 50th was reactivated the Fall of 1992 at Fort Campbell, Kentucky as "Eagle Dustoff". The 50th's lineage dates back to World War II and was activated in November 1952 as a helicopter air ambulance detachment. The 50th was the only helicopter medical evacuation unit that served in both the Korean and Vietnam wars and for Desert Storm.

At this time we can only hope for some resolution on the uncertain status of the crew of DUSTOFF 90. When more information becomes available a detailed report will be provided. We have the initial aircraft loss investigation reports from 1968 and the material documenting the discovery of DUSTOFF 90.
