SUBJECT: Letter of Appreciation

TO: 39 ARRS (C)

1. I would like to convey my sincere thanks and appreciation to you and your people for the excellent Search and Rescue briefings that have been presented for the past few weeks in our Theater Indoctrination School.
2. Since the briefing was added to the curriculum, the students and of course critiques have consistently rated the presentation and the briefers as outstanding.
3. I feel certain that the knowledge that the new Forward Air Controllers receive will help them to more effectively assist your operations in event of a SAR mission.
4. Please pass my personal appreciation to all the personnel involved.
