Dear Larry,

Mike F.V.I.
Ex. Dir Action future years.

You may not remember but I was working on the tour to Viet Nam. Since last talking to you in December I left Ft. Ord, California, attended a course in Virginia and finally made it to Germany where I moved five times.

Anyway, enclosed are copies of the articles written by Chris Carmody about his trip to Viet Nam. He holds both US and Canadian citizenship. Also attached is the letter he wrote authorizing the articles to be reprinted in the newsletter if you desire to do so.

Would you please change my address and send the bill for renewing my membership. Also I'd like any info you have on members in Germany, get together etc.

I'm located in Ansbach near Nurnberg if you make it over here on a business trip. Hope you were able to find someone to pursue the tour idea. Morty
