

Bruce L. Mc Innes

1/8/86

Mike,

Hope all is well and your holidays were pleasant enough to cause them to want to come again next year.

The names we discussed are enclosed. Sorry that I cannot be more specific as to who is and who is not a qualifying pilot.

The numbered list is, I believe, all pilots. Some of these may already be VHPA members. I couldn't lay my hands on my directory. Please check these before you mail to them. I've marked this list 'A'.

List B consists of two things: first, several of the 1st Aviation Brigade forms which we made up, distributed, and have been collecting ever since. You have filled out one of these forms. These are the questionable ones, with no MOS or other job information; Secondly, we have a simple list of names and addresses, mostly gathered at 'Salute II' in Washington and at the May 7th Ticker Tape parade in New York. I have no idea as to how many of these may have been pilots.

List C is a compilation of the many unit lists which we had on our table at the original reunion in D. C. I am sending these along because some of these people are pilots, although we don't know which ones. There may be duplications here and in list B.

To give you an idea of the potential breakdown, consider this: The first 42 names on the A list are the pilot group from a total of 162 names. Crew chiefs, gunners, and misc. non-pilot types represented the remaining 120. About 1 in 4. My guess is that the original list (C) would have a slightly higher crew content and that (B) would have a slightly higher pilot content.

At any rate, from my lap to yours. Please forward the forms and lists to my conscience in Wash, name of:

Bill Sands

[REDACTED]

No need to forward (A) to him, he'll already have it. But he'll need B & C, even if you send him partials, as he'll be feeding it into his own database. I'll have him keep us apprised of pilot info as he comes across it. Perhaps he'll expand into all crewmembers, and VHPA will be able to provide some meaningful support.

Good mailing, good luck. And thank you.

Sincerely,

Bruce
