Gary, Here is what I found on the two USAF SOS units you asked about:

20th SOS Green Hornets is located at Hurlburt Field, Florida (904) 884-7312 or 6336 or 5313  
The unit historian is in the field right now but you can contact MSgt John Sprouse or email - SprouseJ@hurlburt.af.mil

The 21st SOS is located at Mildenhall AFB, United Kingdom and a good POC is their Commander, Col Doug Salmon, email: Douglas.Salmon@mildenhall.af.mil Their telephone extension's are 3293 and 3294. I do not know their civilian prefix number or area code. Only have DSN numbers listed.

Send them an email with your questions and they should be able to answer what you need to know. Talking to Mildenhall is not easy over the auto-von as your voice echoes bad. Most of the guys at Hurlburt Field are flying missions but MSgt Sprouse should be able to help you.

Later.

Lou
