LETTER FROM THE EXECUTIVE COUNCIL

Dear VHPA Member:

With great pleasure we bring you this 1989 edition of the VHPA Directory. It is the third major item each of us receives for his membership dues; the others being the Newsletters and the Reunion. This is the sixth version of the Directory and upholds our tradition of making each one better than its predecessor.

In keeping with our past tradition, this edition is "dedicated" (because of the cover photo) to the Chinook drivers in all the Assault Support Helicopter Companies. A fine bunch of guys that blew down everyone's tent but also lifted all the broken ships, artillery pieces, troops and supplies none of us mere mortals could move!! Consider the tribute the 1st Cav gave their Chinooks: "If you can't put it in or under a 'hook; you don't need it!" (We'll clarify this for the crane drivers next year.)

At this time we would also like to announce to the membership that we, as a result of proceedings that spanned several months, approved a contract on September 17th with Performance Associations, Inc. in Cincinnati, Ohio to provide management and administrative services for VHPA. By October 2nd, the VHPA activities performed by Aviation Association Management, Inc. for the last three years in Wichita had been transferred to Cincinnati. We look to PAI to help us continue moving VHPA forward in new and more cost effective ways in the years to come. VHPA's new address and phone number are:

Vietnam Helicopter Pilots Association
7 West Seventh Street
Suite 1940
Cincinnati, OH 45202 513-721-VHPA

Now back to this Directory. All the traditional sections (Membership Rosters, KIA / MIA, and Call Sign) have been updated with the information we gathered this past year. This year we decided to try color photos for the cover, to dedicate the KIA / MIA section to just those pilots on THE WALL, to establish a new section for our dead comrades that are not on THE WALL and to offer three new "remember when" sections. We trust you will enjoy these additions and will help us with any additional data you might have in these areas.

Finally, our standard plea—your comments, suggestions, additions, corrections, address changes, information on other Vietnam Era pilots—they are always welcome.

Your Executive Council

18 April 1969 / **GOING MY WAY?**

An AH1G from the 361st Avn Co. Escort (Pink Panthers) gets a ride home from the 179th ASHC (The Shrimboats). Both units were from Camp Holloway, Pleiku.

After sustaining severe combat damage while supporting a Special Forces reconnaissance team in Laos, the pilot made an emergency landing on a mountain peak in the same AO that served as a Special Forces radio relay and observation site.

The following day Shrimboat came to the rescue.

SECTION IV - VHPA Membership / Friends

This listing contains two groups of persons merged together in one alphabetical list. The first group are all those individuals who are presently (or have been at some time in the past) members of the Vietnam Helicopter Pilots Association. The second group, which the VHPA designates as Friends, are all those individuals which the VHPA has found and identified as Vietnam helicopter pilots but who have chosen not to join the VHPA at the present time. Current VHPA members have their names in bold type. A few listings will have a question mark at the side of the address lines. This means that at one time the address was valid but mail sent to that address now is being returned as undeliverable. In order to make future directories more complete, VHPA members are asked to supply any missing data about their own listing or any other person's listing. Members are particularly encouraged to pass along the names and addresses of any Vietnam helicopter pilot who is not listed in this directory to VHPA headquarters as well as a good address on any listing shown as undeliverable. The assistance and cooperation of all the VHPA members is needed if the VHPA is to reach its goal of finding all the pilots that served during the Vietnam era. The material in the following roster was taken from the VHPA database as of August 31, 1989.

LEGEND

Please advise the VHPA of any incorrect or additional data for the next printing of the directory, i.e., class numbers, combat units, etc.

SECTION V A - KIA / MIA

This listing contains the names of all the individuals who served as helicopter pilots in Vietnam and were killed there, or were listed as missing in action. This list has been compiled through the hard work of Gary Roush. There have been three main sources for this information:

1. The Vietnam Veterans Memorial in Washington, D.C.
2. The National Archives with information from the Department of Defense and the Department of the Army.
3. VHPA Members.

There are three parts to this list. The first part lists all KIA / MIA in alphabetical order with hometown and unit information. The second part lists KIA / MIA in the order of the date they died. The third part is a form that VHPA urgently requests all members to use to update or add information on any person to the list.

Because much of the "official" information has been found to be incomplete and questionable, it is important that the information in the listings be verified by VHPA members. Some individuals listed may have been fixed wing only pilots, ground personnel or a non-rated passenger. Much of the information with regard to cause or date may be inaccurate. It is extremely important that any errors, omissions or additional data be reported to VHPA headquarters.

Official Air America records have not yet been located; therefore, this information must come from VHPA members.

The main abbreviations mean the following:

KIA - Killed In Action
MIA - Missing In Action (Note: All MIAs have been declared dead by the Dept. of Defense)
SVN - South Vietnam
NVM - North Vietnam
BNR - Body Never Recovered
AF - Air Force
AR - Army
MC - Marine Corps
NA - Navy
CG - Coast Guard
AA - Air America
AHC - Assault Helicopter Company
ASHC - Assault Support Helicopter Company

SECTION V C - Deceased (DAT & DDT)

This listing contains the names of all individuals who served as helicopter pilots in Vietnam and have died since that time. They are indicated by DAT which stands for Died After Tour. This listing also contains names of helicopter pilots killed during training in preparation for going to Vietnam. They are listed as DDT or Died During Training. The main source of this information is from VHPA members.

Unfortunately, this is the main growth area for the VHPA Directory, since we will all eventually die. When you become aware of the death of a helicopter pilot who served in Vietnam, please notify the VHPA headquarters.

SECTION VI - Call Signs

Numerous radio call signs were used in Southeast Asia during the Vietnam Era. The following roster of 782 call signs was taken from individual membership application forms and from material submitted directly to VHPA. This roster attempts to provide unit call signs versus individual or position call signs. Research by Mike and Dianna Law since the last Directory, has significantly increased the number of locations where each call sign was used.

Comments, additions and / or corrections are welcome and should be submitted to VHPA headquarters, ATTN: Directory Editor.

SECTION VII - Southeast Asian Helicopter Units

This section contains VHPA's first attempt to provide a list of the aviation combat units in which our members served. This list will mature over time but only if the membership supports the Historical (Vietnam Era) committee. Bill Greenhalgh prepared this material with a little help from Mike Law. It is safe to say that it is our best current effort based primarily on the "Vietnam Order of Battle" by Shelby L. Stanton plus extensive independent research done by Bill. More research will be done but we hope this list will also cause members to ponder and to make suggestions (corrections) based on their knowledge. We encourage anyone and everyone to send in suggestions and source material references so this research can go forward. Our future plans

call for more details in the OPCONed (operational controlled) area plus the lineage of these units. We have already started some of the OPCONed effort because you will find the same unit in more than one place (in the attached and separate areas).

Updates to this section should be sent to VHPA Headquarters, ATTN: Historical Committee or to:

Bill Greenhalgh

SECTION VIII - Southeast Asian Map

This section contains VHPA's first published attempt to help VHPA members remember the names of towns, base camps, LZ and AOs. We receive many membership applications and other correspondence with some interesting spelling for places such as Ban Me Thout, Xuan Loc and Phuoc Vinh. After the years it is getting harder and harder to find maps with some of the unique names given to our not so favorite but all too familiar AOs and land marks like Happy Valley, the Ho Bo Woods, the Oasis and Dragon Mountain.

This list is just a "first cut" and is designed as food for thought for every VHPA member. All comments, additions, suggestions and source reference material are certainly welcome and should be sent to VHPA Headquarters: ATTN: Directory Editor.

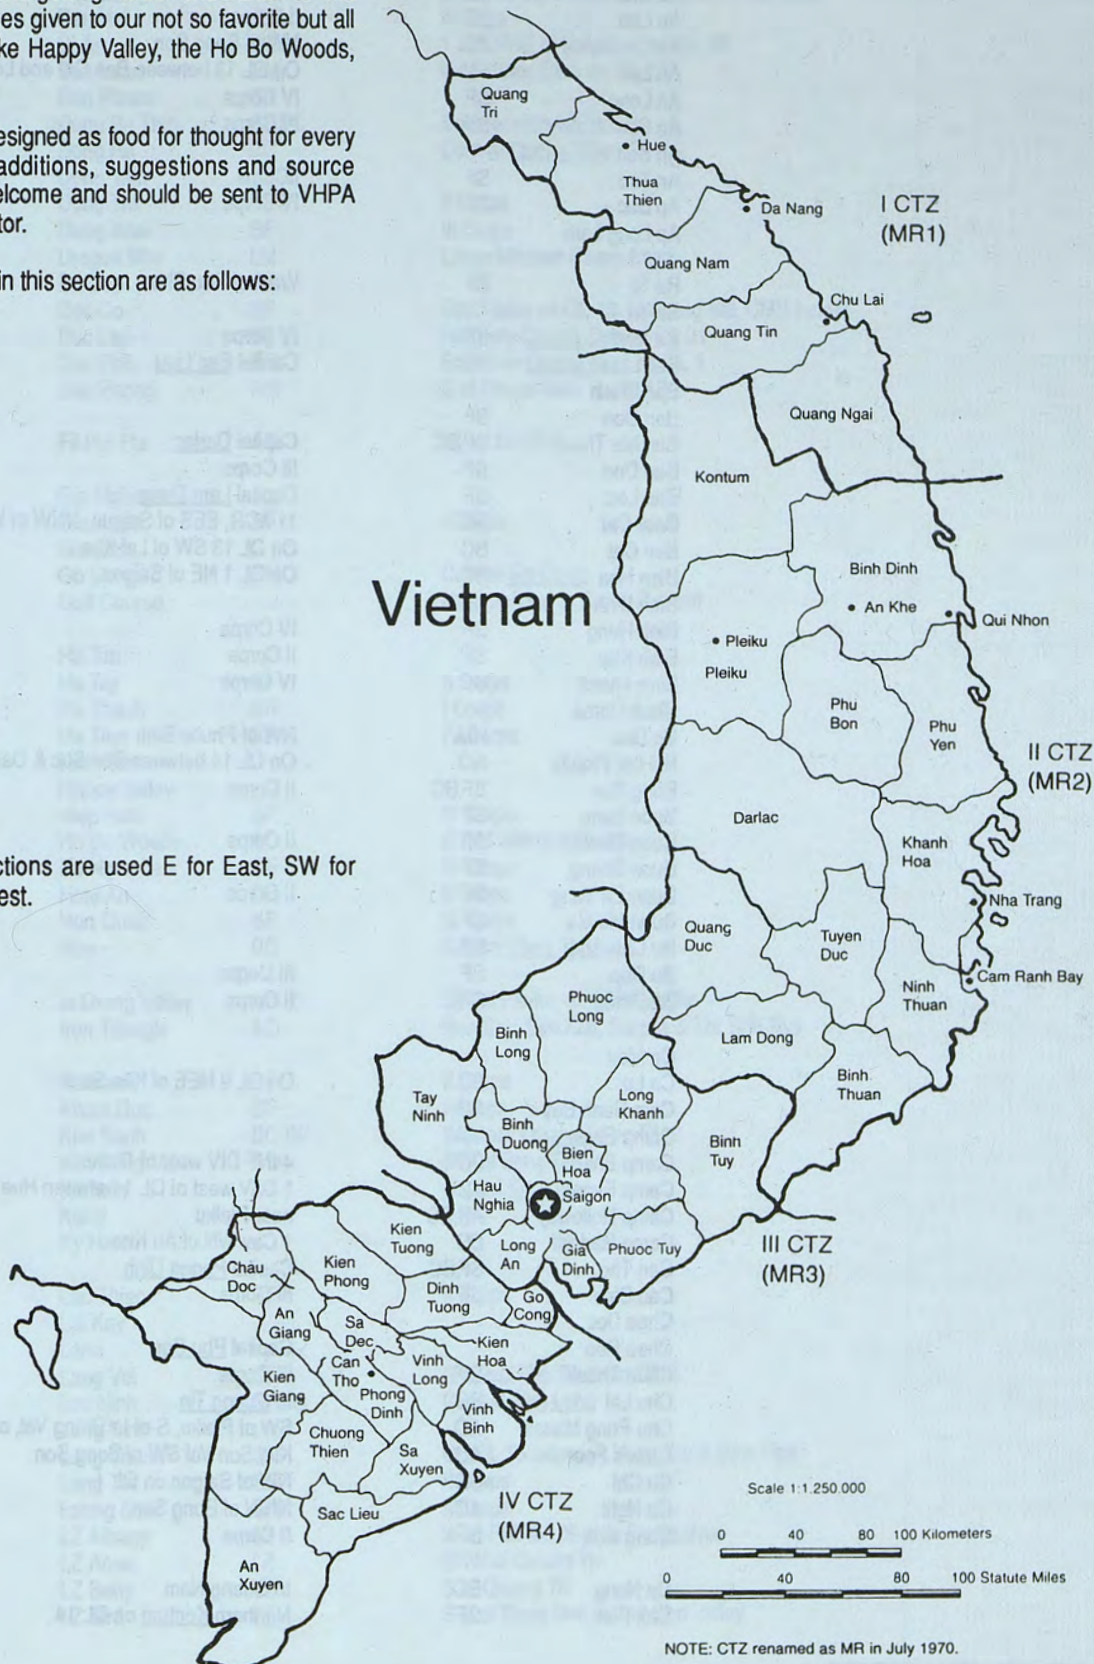

Abbreviations and codes used within this section are as follows:

AB	Air Base
AO	Area of Operation
BC	Base Camp
CMB	Cambodia
HM	Hamlet
LM	Land Mark
LZ	Landing Zone
Mtn	Mountain
QL	National Highway
Pla	Plantation
Rv	River
SA	Staging Area
SF	Special Forces Camp
SP	Sea Port
Val	Valley

Binh Dinh denotes a Province

8K denotes 8 kilometers

Standard 16 point compass directions are used E for East, SW for Southwest, SSW for South Southwest.

SECTION IX - Flight Class Rosters

This section contains VHPA's first published attempt to do what many VHPA members have been doing on an individual basis. Specifically we have taken the graduation roster for a rotary wing flight class and cross referenced it with the large VHPA membership database, with the KIA/MIA database and with the DAT/DDT database. The results are very interesting. They clearly show the capabilities VHPA has because we are collecting information from each member and can provide a list or a service that literally no other organization or individual in this world can provide.

This list is "dedicated" to class 67-1 and the strong friendships that are associated with VHPA members that were in that class. We can only admire the success class 67-1 had in bringing classmates together again during the VHPA 6th Reunion this past summer in Chicago. Without the dedication of a few 67-1'ers like Greg Ross, Dennis Reed and Tom Percy who have kept classmates in touch with each other since Vietnam, there would have been far fewer classmates there to enjoy the camaraderie.

A brief history of what most likely happened to nearly every flight class will help everyone understand the material that follows. In the late 1960s classes graduated on the average of every two weeks or one month. The majority of every graduating class were individuals who started and finished flight training together. But each class also had individuals join from preceding classes. This happened because of a back log of students, bad grades, illness or injury, etc. Likewise every class lost individuals to classes that followed. Additionally there was normally a two week or even longer break between graduating from Fort Wolters and starting at Fort Rucker.

The class that graduated with the number 67-1 at Rucker started out as class 66-23 at Wolters. The preceding class (66-21) was extremely large and there were not enough instructors or equipment at Rucker for this large class. Thus 66-21 was split, the second half or "holdovers" had to wait at Rucker for two weeks before continuing their training as class 66-23. Approximately 29 individuals from 66-23 at Wolters (they had just completed primary training) proceeded immediately to Rucker and joined 66-23 there. The remainder of the class 66-23 became

"holdovers" at Wolters for two weeks and upon arriving at Rucker formed class 67-1. To make matters even more confusing as 67-1 entered the final phase of flight training it received 23 "set backs" from preceding classes. Class 67-1 finally graduated 290 US Army pilots (three officers and 287 warrant officers) plus four foreign nationals.

Since graduation class 67-1 has had three reunions. The first was held in 1979 in Kalamazoo, Michigan; was hosted by Greg Ross and Dennis Reed, and had 35 classmates attend. The second was held in 1981 in Kansas City, Missouri; was hosted by Tom Percy, and also had 35 classmates attend. Of the 35 that showed up in Kansas City, only 9 had been at the Kalamazoo reunion. In just three years almost 70 members of one flight class had been brought together. The third 67-1 reunion, held during the VHPA Reunion in Chicago, brought together 27 former classmates.

Of the 290 that graduated the following roster shows that 77 are VHPA members or potential members (have not sent in money to join the association), 10 are in the KIA/MIA section and 6 are in the DAT (Died After Tour) or DDT (Died During Training) section. Additionally, there are 40 similar name matches with this roster and the large VHPA membership roster plus 2 similar name matches with this roster and the KIA/MIA roster. Clearly some enterprising individual should determine if these similar named individuals are indeed 67-1'ers or not.

The abbreviations used in this section are the same as those outlined in the KIA/MIA section for rank, branch and service.

The primary point of contact for updates to this class roster is

Greg Ross

but comments can also be sent the VHPA headquarters. Comments concerning other class rosters should be sent to VHPA headquarters ATTN: Data Base Committee.
