SECTION VIII - Deceased (Died During Training and Died After Tour)

The first group of names of this listing are helicopter pilots killed during training in preparation for going to Vietnam. Although not officially eligible to belong to the VHPA because they did not fly helicopters in Vietnam, they most likely would have qualified if they had survived their training. They are listed as Died During Training.

The second part of this listing contains names of individuals who served as helicopter pilots in Vietnam and have died since that time. They are listed as Died After Tour. These lists were put together by Gary Roush with the main source of this information being VHPA members.

Unfortunately, this is the main growth area for the VHPA Directory, since we will all eventually die. When you become aware of the death of a helicopter pilot who served in Vietnam, please notify the VHPA headquarters.

SECTION IX - Southeast Asian Helicopter Units

What follows is an updated version of last year's roster. It includes additional units and more detailed information especially for the US Air Force, US Marine and US Navy helicopter users. Please remember that the scope of this roster includes not only units that had organic helicopters BUT ALL UNITS WHERE A HELICOPTER PILOT MIGHT NORMALLY HAVE SERVED. We still need lots of help. If you don't see your unit in this list, please let us know!! We still know very little about the non-American units (such as Korean or VNAF units). Finally, comments, additions, corrections to this roster should be directed to Bill Greenhalgh or Mike Law either directly or via VHPA Headquarters.

SECTION X - Flight Class Inventory

This section is different again this year. It is an inventory of all of the flight class type documents that the database committee has to date. Our objective is to identify all helicopter pilots eligible to join the VHPA by compiling a complete list of rated helicopter pilots during the Vietnam era. The types of information listed below in order are: Ft. Wolters graduation programs, Ft. Rucker graduation programs, Hunter AAF graduation programs, Orders assigning wings, Hazardous duty orders, Social Rosters, Class pictures from Ft. Wolters

If your class is not on this list, or certain types of information are missing, please send copies to Gary Roush or to the VHPA headquarters. The following abbreviations are used in this section: ORWAC = Officer Rotary Wing Aviator Course, WORWAC = Warrant Officer Rotary Wing Aviator Course, RWQC = Rotary Wing Qualification Course

1991 HAI Reunion Attendees

For several years Helicopter Association International (HAI) has provided free booth space to the VHPA at their annual trades show and convention. This generous offer has allowed VHPA to obtain exposure for our association throughout the aviation community since HIA is truly an international association. We are fortunate in receiving contributions from several sponsors that offset the cost of "The Gathering", which is a get together one evening during the convention of VHPA members and potential members. Over 280 VHPAers attending "The Gathering" in 1991. Unfortunately we do not have a list of the names of all the pilots that attended. Check your Newsletter for details concerning the Mar 22-24, 1992 HAI in Las Vegas and contact Jack Jordan if you are willing to man the VHPA booth during the coming HAI convention.

The following VHPA Members attended "The Gathering" or visited the VHPA booth during the HAI Convention Las Vegas, NV during January 27-29, 1991.

An "*" following the pilot's name indicates that he joined VHPA during the 1991 HAI convention.

SECTION XII - Inventory of Historical Information

This is a new section intended to highlight to the membership the various historical documents acquired by the VHPA Historical Committee. If you are aware of historical documents pertaining to your unit or other Vietnam Era helicopter units, please obtain a copy and send it to VHPA Headquarters or directly to Bill Greenhalgh.

SECTION XVI - AFTER ACTION REPORTS

These "After Action Reports" are a compilation of eye witness accounts, accident reports, official documentation, and special interest groups. Sources of the information range from the Defense Intelligence Agency, the Joint Casualty Resolution Center, the State Department, the POW Network (Task Force of Illinois, Inc.), to direct inputs from VHPA members. It is an attempt to accurately document specific events that involved loss of life and/or destruction of helicopters during the Vietnam war. It is not an attempt to incite or promote political issues. Some of the information used for this section contains opinions that may not accurately describe the events as they occurred. We have tried to remove these when they are obvious. Like everything in this Directory, this information is only as accurate as the members of the VHPA can make it, so please send in your additions and corrections to the VHPA Headquarters. Gary Roush has put this section together and would appreciate your help and feedback.

This information is in order by date of the event.

After Action Report for: 02 February 1968

BURNHAM, DONALD DAWSON

REFNO: R1024
Name: Donald Dawson Burnham
Rank/Branch: CPT/US Army
Unit: B/19 CAV 1 CAV
Date of Birth: 20 April 1940
Home City of Record: Webb, AL
Country of Loss: South Vietnam
Loss Coordinates: 161209N 1081006E
Status (in 1973): Missing In Action
Aircraft/Vehicle/Ground: UH-1H

Other Personnel In Incident: Charles L. Adkins; Kenneth J. Patton; Joe H. Pringle; Joseph D. Puggi (all missing)

SYNOPSIS: Donald Burnham was the pilot of a UH-1H helicopter (#66-16442) that departed Camp Evans, Quang Tri, Republic of Vietnam for Chu Lai, Republic of Vietnam on February 2, 1968. Also aboard were SP4 Charles Adkins, SFC Joe Pringle, SSgt Joseph Puggi, passengers; and SP4 Kenneth Patton, crewchief. During a ground radar controlled approach to Da Nang Airbase, the controller lost radio contact with the helicopter and subsequently lost radar contact. The last positive position of the aircraft was 12 miles north of Da Nang.

After attempts to contact Captain Burnham by radio failed, ramp checks were conducted by another pilot from his unit. Search of the area to the north of Da Nang failed to locate the missing aircraft. On May 28, 1968, a crashed and burned UH-1H helicopter (tail #6442) was located in the appropriate vicinity and a search party recovered an ID tag belonging to SFC Pringle, several weapons, and some human bones. The ID tag and weapons were given to an unidentified major; subsequent attempts to trace the weapons have been unsuccessful.

All human remains were given to the U.S. Army Mortuary at Da Nang, and subsequently determined unidentifiable. Search attempts terminated on 16 November 1972. Because of the density of the underbrush, no further remains were recovered. The crash site was photographed in July 1974, at which time it became known that parts of the aircraft had been recovered by a Vietnamese woodcutter. No evidence of human remains were found in the area.

Donald Burnham's photograph was identified by a Vietnamese rallier as having been a prisoner of war. CIA analysis failed to determine why Burnham's photo was selected, as neither he nor the other crew were seen by returned POWs.

After Action Report for: 26 March 1968

ALLGOOD, FRANKIE EUGENE

REFNO: R1103
Name: Frankie Eugene Allgood
Rank/Branch: Lt.Colonel / USMC
Unit:
Date of Birth: 01 May 1930
Home City of Record: Hope/Ft. Scott KS
Country of Loss: South Vietnam, Over Water
Loss Coordinates: 161408N 1080740E
Status (in 1973): Body Not Recovered
Act/Vehicle/Ground: UH-34D

Other Personnel In Incident: Glenn W. Mowrey; Larry E. Green; Richard Evancho; Ernest C. Kerr

SYNOPSIS: Frankie Allgood was aboard a medevac helicopter which was attempting to cross a stretch of the South China Sea during adverse weather conditions. The helicopter crashed into the sea about three miles from its destination, Da Nang, South Vietnam.

The pilot and co-pilot were rescued. Crew members Kerr and Green were not rescued, nor were the other occupants of the helicopter, including the badly wounded Frankie Allgood. Allgood had taken shrapnel in the temple and was being taken to Da Nang for treatment. All were presumed drowned.

There is little likelihood that the Marines lost from this helicopter could have survived.

After Action Report for: 13 June 1968

CARTER, JAMES DEVRIN

REFNO: R1208
Name: James Devrin Carter
Rank/Branch: WO1/US Army
Unit: 174 AHC 14 CAB
Date of Birth: 13 March 1947
Home City of Record: Clarkston, MI
Country of Loss: South Vietnam
Loss Coordinates: 151120N 1085232E
Status (in 1973): Killed/Body Not Recovered
Aircraft/Vehicle/Ground: UH-1D

JOHNSON, JERRY HAMPTON

REFNO: R1208
Name: Jerry Hampton Johnson
Rank/Branch: WO1/US Army
Unit: 174 AHC 14 CAB
Date of Birth: 16 February 1947
Home City of Record: Hampton, VA
Country of Loss: South Vietnam
Loss Coordinates: 151120N 1085232E
Status (in 1973): KIA
Aircraft/Vehicle/Ground: UH-1D

SYNOPSIS: James Carter and Jerry Hampton Johnson were aboard a UH-1D helicopter on a Command and Control mission on June 13, 1968 in South Vietnam. The aircraft landed, picked up passengers and departed to fly a visual reconnaissance mission near the DMZ. The Operation Center at Duc Pho near Da Nang, South Vietnam, that was controlling the flight received a report that Carter's aircraft was involved in a mid-air collision with a U.S. Air Force O-2 aircraft. The helicopter and the O-2 crashed.

Another helicopter crew in the area observed Carter's helicopter impact with the ground and stated that they did not see anyone escape from the site. The aircraft was burning.

Another element from an infantry unit was airlifted to the crash site and could find no survivors at either site. A maintenance aircraft arrived and assisted in the search. No remains were recovered that could be associated with Carter. On subsequent searches, the remains of the pilot of the O-2, Major Brenner, and the crew of the UH-1D were recovered, Carter's remains were never located.

After Action Report for: 24 November 1969

COMER, HOWARD BRISBANE JR.

REFNO: R1531
Name: Howard Brisbane Comer, Jr.
Rank/Branch: CW2/US Army
Unit: 187 AHC 269 CAB 12 CAG 1 BGE
Date of Birth: 04 August 1945
Home City of Record: Jacksonville FL
Country of Loss: South Vietnam
Loss Coordinates: 111445N 1060714E (XT223433)
Status (in 1973): Killed/Body Not Recovered
Aircraft/Vehicle/Ground: UH-1H

SYNOPSIS: On November 24, 1969, WO Howard B. Comer was the pilot of a UH-1H helicopter (serial #68-15564) on a general support mission when the helicopter crashed in the Van Co Dung River in South Vietnam. The helicopter and its passengers were recovered, but in spite of an extensive search, no trace was found of the pilot.

Further search efforts were thwarted by the chief of the ARVN delegation to the 2-party military commission. The Tay Ninh Province chief was concerned about pressure on his province by hostile forces should he agree to assist in further searches for missing Americans.

Several source reports were received regarding Comer's loss. One source reported that his father had possession of the remains of one U.S. GI and the father had the source memorize the information on the ID tag on Comer. The source provided information on the discovery of alleged remains and Comer's ID tag, which were alleged to be found near Cam Giang.

Source provided information on the alleged discovery of the remains of Comer. A photocopy of the ID tag was provided. All information matched information given earlier by the source.

In March 1985, a source relayed hearsay information regarding the recovery of U.S. remains from a helicopter crash in Vam Co Dung river near Tay Ninh city. This report was thought to possibly correlate to Comer. The same hearsay information was provided again in February 1986.

Comer apparently did not survive the crash of his aircraft on November 24, 1969. Because his remains have never been located, he is listed with honor among the missing.

After Action Report for: 15 August 1970

BECKER, JAMES CHRISTOF

REFNO: R1567
Name: James Christof Becker
Rank/Branch: 1LT/US Army
Unit: 71 AHC 14 CAB 16 CAG 23 INF (Americal)
Date of Birth: 18 April 1944 (Oxford NE)
Home City of Record: Palestine TX
Country of Loss: Laos
Loss Coordinates: 154943N 1070111E (YC509163)
Status (in 1973): Killed/Body Not Recovered
Aircraft/Vehicle/Ground: UH-1H

Other Personnel in Incident: Peter A. Schmidt (missing); Michael D. Christ; Raymond W. Anderson (both rescued)

SYNOPSIS: On August 15, 1970, 1Lt. James C. Becker, pilot; CW2 Raymond W. Anderson, aircraft commander; SP4 Michael D. Christ, crewchief; and SP4 Peter A. Schmidt, door gunner; were flying a UH-1H helicopter (tail number 69-15375) on a reconnaissance team extraction mission in Laos.

Because of the difficult terrain in the area of the planned extraction, the recon team was to be lifted out by ladder. The helicopter hovered 50 feet over the pickup zone and dropped the ladder from the right side of the aircraft. Five of the team members climbed onto the ladder, and the helicopter began to lift off. At about 100 feet the aircraft began to receive small arms fire and crashed.

The five team members were stripped off the ladder by the trees as the helicopter descended. After the crash, CW2 Anderson checked the two crewmen on the right side of the aircraft, noticing that 1Lt. Becker was upright in his seat, however, it seemed that he had hit his head into the overhead instrument panel in the force of the impact. Becker's helmet was gone, and there was blood on the floor. CW2 Anderson stated that Becker did not appear to be breathing. Anderson then unsuccessfully attempted to free Schmidt from the right gunnel. He noted no blood on Schmidt, but stated that Schmidt did not appear to be breathing.

SP4 Christ checked SP4 Schmidt and noticed that he was breathing, and in short gasps, and was losing a great deal of blood. Christ had dislocated his collarbone, so was unable to free Schmidt from the wreckage.

Christ and Anderson returned to the pickup zone and were extracted. No attempts were made to return and recover Becker and Schmidt because of the location and hostile forces in the area. Although no other personnel are listed as missing from this incident, the fate of the team members on the ladder remains unknown. They were either recovered (dead or alive), or were indigenous personnel (and would not be listed on U.S. casualty lists).

After Action Report for: 05 January 1971

CRAMER, DONALD MARTIN

REFNO: R1689
Name: Donald Martin Cramer
Rank/Branch: CW2/US Army
Unit: C/2/17 CAV 101 ABN
Date of Birth: 12 January 1946 (Columbus OH)
Home City of Record: St. Louis, MO
Country of Loss: South Vietnam/Over Water
Loss Coordinates: 161657N 1073102E (ZD060160)
Status (in 1973): Missing in Action
Aircraft/Vehicle/Ground: AH-1G

Other Personnel in Incident: SP4 Ronnie Vago Rogers (killed, body recovered)

SYNOPSIS: At 0210 hours on January 5, 1971, CW2 Donald M. Cramer, pilot of an AH-1G (tail #67-16083), departed the Hue/Phu Bai Airfield on a training flight mission with SP4 Ronnie V. Rogers aboard. No contact was established after takeoff. When the aircraft failed to return within a reasonable time, efforts were made to establish radio contact. After checking all airfields and contact bases in the area, an aerial search was initiated at 1640 hours, and lasted until dark.

On January 8, SP4 Roger's body was found on the beach. The search shifted primarily into the coastline areas until about January 20, with no sightings of the aircraft or of CW2 Cramer.

Because it was determined that Rogers had drowned, it was assumed that the aircraft departed its destination (a fire base), and crashed into the South China Sea. CW2 Cramer was never found. He was listed Missing in Action.

Whether Cramer drowned as Rogers did on January 5, 1971, may never be learned. The U.S. Army, believing there was a chance he survived, did not declare him officially dead for over four years, and then only in general administrative "presumptive findings of death" which were sought for all missing personnel.

After Action Report for: 18 February 1971

BERG, GEORGE PHILLIP

REFNO: R1706
Name: George Phillip Berg
Rank/Branch: WO1/US Army
Unit: A/101 CAB 101 ABN
Date of Birth: 16 July 1946 (Seattle WA)
Home City of Record: Belford NJ
Country of Loss: Laos
Loss Coordinates: 160431N 1071910E (YC481785)
Status (in 1973): Killed/Body Not Recovered
Aircraft/Vehicle/Ground: UH-1H

Other Personnel in Incident: Walter E. Demsey; Gary L. Johnson; (all missing from UH-1H); Allen R. Lloyd; Ronald L. Watson (missing from Special Forces team)

SYNOPSIS: WO Gerald E. Woods, pilot; WO George P. Berg, aircraft commander; SP4 Gary L. Johnson, door gunner; SP4 Walter Demsey, crew chief; were assigned to Company A, 101st Aviation Battalion, 101st Airborne Division. On February 18, 1971, their UH-1H was dispatched as part of a flight of four on an emergency patrol extraction mission on the west side of the A Chau Valley in Thua Tin Province, South Vietnam. The patrol to be rescued included Sgt. Allen R. Lloyd, Capt. Ronald L. Watson and SFC Samuel Hernandez, part of Special Operations Augmentation, Command & Control North, 5th Special Forces Group.

WOODS, GERALD ERNEST

REFNO: R1706
Name: Gerald Ernest Woods
Rank/Branch: WO1/US Army
Unit: A/101 CAB 101 ABN
Date of Birth: 22 January 1950
Home City of Record: Salem, OR
Country of Loss: Laos
Loss Coordinates: 160431N 1071910E (YC481785)
Status (in 1973): Killed/Body Not Recovered
Aircraft/Vehicle/Ground: UH-1H

The team was assigned to MACV-SOG (Military Assistance Command, Vietnam Studies and Observation Group). MACV-SOG was a joint service high command unconventional warfare task force engaged in highly classified operations throughout Southeast Asia. The 5th Special Forces channeled personnel into MACV-SOG (although it was not a Special Forces group) through Special Operations Augmentation (SOA), which provided their "cover" while under secret orders to MACV-SOG. The teams performed deep penetration missions of strategic reconnaissance and interdiction which were called, depending on the time frame, "Shining Brass" or "Prairie Fire" missions.

During the attempt to recover the patrol, Woods' helicopter came under heavy fire and had to leave the pick-up zone with Lloyd, Watson and Hernandez attached to the three-staple rig. While in flight, the rope broke, and Hernandez fell 30-40 feet, landing in double canopy jungle. He was rescued the following day. The helicopter continued a short distance, and was hit by enemy anti-aircraft fire, crashed and burned.

On February 19, a Special Forces recovery team was inserted at the crash site to search the area. Woods and Berg were found dead in their seats. Johnson's body was found in a tree. One leg of Demsey, the burned crew chief, was found in the cargo compartment. All remains were prepared for extraction, and the team left to establish a night defensive position. En route, the team found the remains of Lloyd and Watson, still on their rope slings, in the trees on the edge of a cliff. Because of the rugged terrain and approaching darkness, the rescue team leader decided to wait until morning to recover these two remains. However, the following morning, the search team came under intense fire, and the team leader requested an emergency extraction, and in doing so, left all remains behind.

All the crew and passengers on board the UH-1H downed on the border of Laos and Vietnam west of the A Shau Valley that day were confirmed dead. It is unfortunate, but a reality of war that their remains were left behind out of necessity to protect the lives of the search team who found them. They are listed with honor among the missing because their remains cannot be buried with honor at home.

After Action Report for: 27 February 1971

BABCOCK, RONALD LESTER

REFNO: R1711
Name: Ronald Lester Babcock
Rank/Branch: 1Lt/US ARMY
Unit:
Date of Birth: 08 October 1945
Home City of Record: Tucson, AZ
Country of Loss: Laos
Loss Coordinates: 162753N 1063121E
Status (in 1973): Killed/Body Not Recovered
Aircraft/Vehicle/Ground: OH-6A Helicopter

Other Personnel In Incident: Fred Mooney (missing)

SYNOPSIS: On February 27, 1971, the Bravo Dutchmasters were airborne over Laos, their pink teams doing low-level scouting in the AO of the ARVN 1st Infantry Division. Lt. Ronald Babcock was flying one of the OH-6A Loaches and his door-gunner/observer, Fred Mooney was the scout platoon sergeant. A man in his forties, Mooney was not required to fly, but he volunteered to show the young draftees that old lifers could be as tough as they were.

Skimming low over the trees, the Loach was hit by NVA fire, and Babcock radioed that they were going down. The Command and Control ship chased after the descending ship and observed the Loach crash on a dirt road. Mooney and Babcock jumped out and ran across a grassy clearing, whereupon they were cut down by North Vietnamese in the treeline. The C & C ship commander dropped to a ten foot hover and called on the radio that, from their appearance, the two were dead. They were first listed Missing In Action, but status was changed without tangible evidence to Killed/Body Not Recovered in less than a year.

Fred Mooney's tour was to be over in May and his plans were to return to Killeen, Texas and continue his life with his wife and four children. Ron Babcock graduated from college with a degree in forestry and was anxious to get home and get on with his career.

BLACK, PAUL VERNON

REFNO: R1712
Name: Paul Vernon Black
Rank/Branch: WO1/US Army
Unit: 11 CAG 1 CAV
Date of Birth: 26 April 1948 (Santa Cruz CA)
Home City of Record: Central Valley, CA
Country of Loss: Cambodia
Loss Coordinates: 115940N 1055238E (WU955265)
Status (in 1973): Killed/Body Not Recovered
Aircraft/Vehicle/Ground: UH-1H

Other Personnel In Incident: (none missing)

SYNOPSIS: On March 1, 1971, W1 Paul V. Black was the aircraft commander and W1 Robert Dale Uhl was pilot of a UH-1H helicopter on a combat mission about 15 miles within Cambodia in Kampong Cham Province. During the mission, the aircraft received enemy ground fire, crashed and burned. The helicopter apparently lost its main rotor on impact with the ground. The vehicle exploded into a fireball. All the crew members were aboard the aircraft at the time, and none were seen to exit.

Subsequent recovery efforts recovered the remains of the pilot and passengers (no further identification available), but no trace could be found of W1 Black. Although he is thought to have perished in the crash of the aircraft, the U.S. believes that the enemy forces in the area probably know his fate.

Fifteen years after the war, the Cambodian (Kampuchean) government let it be known that they had the remains of nearly 100 Americans. Unfortunately, the U.S. has no diplomatic relations with Kampuchea and would not officially respond. Although several U.S. Congressmen have attempted to recover the remains of these Americans, the government of Kampuchea clearly wishes an official request from the U.S.

It is not thought that Americans captured by the Cambodian communists were allowed to survive, but were instead executed.

UHL, ROBERT DALE

SECTION XVII - 1990 VHPA Financial Audit Report

For the last several years the Executive Council has commissioned an independent CPA firm to conduct an annual financial audit of our financial records maintained by the contractor providing the administrative services for the association. In years past the multi-page audit report was photo reduced and printed as an "eye test" on a single page of the VHPA Newsletter. What follows is the complete report.

INDEPENDENT AUDITOR'S REPORT

Gerrard G. Kamphaus, CPA
Daniel Henning, CPA
Stephen Hood, CPA

To the Executive Council of
Vietnam Helicopter Pilots Association, Inc.

We have audited the balance sheets of Vietnam Helicopter Pilots Association, Inc. (a corporation) as of December 31, 1990 and 1989, and the related statements of support, revenue and expenses, changes in fund balances and changes in financial position for the years then ended. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion the financial statements referred to above present fairly, in all material respects, the financial position of Vietnam Helicopter Pilots Association, Inc. as of December 31, 1990 and 1989, and the results of its operations and its changes in financial position for the years then ended in conformity with generally accepted accounting principles.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1990 AND 1989

NOTE #1 - Significant Accounting Policies

The Vietnam Helicopter Pilots Association, Inc. is organized under the laws of the State of Arizona and operates as a non-profit organization in accordance with the provisions of Internal Revenue Code Section 501 (c) (19) and qualifies for the charitable contribution deduction under the Internal Revenue Code.

The financial statements of Vietnam Helicopter Pilots Association, Inc. have been prepared on the accrual basis. The accounts of the Association are maintained in accordance with the principles of fund accounting. Office equipment is recorded at cost and depreciated over an estimated five year useful life using the straight line method.

NOTE #2 - Annual Membership Dues

Fees received from members for annual membership dues are recognized as earned ratably over the subsequent twelve months from receipt of payment. Accordingly, the unearned portion of dues received is reflected as a liability on the accompanying balance sheets.

NOTE #3 - Lifetime Membership Dues

Fees received from members for lifetime membership dues are recognized as earned over a period of fifteen years. Fifteen years is estimated to represent the average "use of service" period (for accounting purposes only). The unearned portion of dues received is reflected as a liability on the accompanying balance sheets.

NOTE #4 - Restricted Funds

During 1989 the Association decided not to continue to administer a scholarship fund and moved the restricted scholarship fund money to the unrestricted cash account. Therefore, the financial statements do not include a restricted fund.
