VIETNAM HELICOPTER PILOTS ASSOCIATION

1998 MEMBERSHIP DIRECTORY

U.S. Army Flight Training Class Index

This is important to remember - if you were trained by the U.S. Army but your VHPA record does not contain a valid flight class code, you will not appear in this index. It is also important to remember that each VHPAer can have up to two flight class codes. For the majority, two are enough - one for the Primary Training (e.g. Ft. Wolters) or initial fixed wing training and one for the Advanced Training (e.g. Ft. Rucker or Hunter - Stewart) or a helicopter qualification course. For those who were in more than two flight classes, currently you must choose the two that are the most important to you - sorry. Please report any corrections to VHPA Headquarters.

The order for Army trained pilots is flight class number and then alphabetical by last name and first initial. This index was built by extracting information from the VHPA Membership database for all living Vietnam Era pilots (without regard to membership status), all pilots in the VHPA KIA/MIA database, and all pilots in the VHPA DAT/DDT database (pilots the died training to go to Southeast Asia or that died after returning from service in Southeast Asia) and known to the VHPA as of this year's Directory cutoff date. Naturally, the names in this index must be used with the full Members & Potential Members Roster, Section I, to retrieve the full address for a living Vietnam Era pilot.

Special provisions have been made for officers from other services (e.g. Marine Corps and Air Force) that were members of Army flight classes; they are listed in this index as well as the Branch of Service index to follow. A special note is added to each record to make this possible.

The Directory Committee welcomes comments concerning ways to make this index more meaningful in future editions. Please send your comments to VHPA Headquarters: ATTN: Directory Committee. The following status codes are used in this index:

BNR - Body Not Recovered
DAT - Died After Tour
DDT - Died During Training
INJ - Died of Injuries
KIA - Killed In Action
LIF - Life Member of the VHPA
PRO - Potential VHPA Member
REG - General Member of the VHPA

VHPA Membership Geographical Index

The following Index provides the Membership with an easy way to determine the number and names of pilots in any given city within the US mailing system, within the country groups for APOs and FPOs, and within countries for non-US mailing systems. Naturally, the names in the index must be used with the full Members & Potential Members Roster, Section I, to retrieve the full address.

The presentation order is generally alphabetical by state. Guam (and all of U.S. Micronesia), Puerto Rico, the Virgin Islands, and Washington D.C. are given "state status" in this alphabetical presentation. The three APO and FPO areas (The Americas, Europe, and the Pacific) follow all the "states". The various countries within the APO mailing system are given "city status" for this index. Finally, all non-US mailing addresses (e.g. Canada, Saudi Arabia) are given "city status" by country but their cities are not presented.

It is important to remember that anyone with a bad address (e.g. a ? following his name in the Members & Potential Members Roster) is NOT included in this index.

The crew of WO1 Pete Peterson, WO1 Carter Higginbotham, CE Steve Hayduk, and a gunner named Ridge in UH-1H #549 from the 57th AHC did this 'String Job', the extraction of RT Ragweed, on 26 Aug 1969. The photo, taken on the way back to Ben Het, was provided by Steve Hayduk and Bobby Ross. Note the paths of an Arc Light on the jungle.

Combat Unit Index

The Combat Unit Index provides the Membership with an easy way to locate the number and names of pilots that served with any given Southeast Asian unit during the Vietnam Era. Naturally, the names in the index must be used with the full Members & Potential Members Roster, Section I, to retrieve the full address.

The presentation order generally follows the one used by Shelby Stanton in *Vietnam Order of Battle*. There are four levels in Stanton's presentation order. First, U.S. Army unit followed by all other U.S. military services and finally all allied forces. Second, higher commands in ascending numerical order (e.g. 1st Cav Div, 1st Inf Div, 4th Inf Div) followed by subordinate units. Third, U.S. Army subordinate units are ordered alphabetically by logical branch (e.g. Artillery, Aviation, Cavalry, Engineer). Fourth, the units from other military services. We added a "roll-up unit" when that was needed. For example, each battalion sized unit had a Headquarters plus two or more letter (A, B, C) units but if the VHPA database contains only the battalion name rather than a specific unit name, this individual is assigned to the "roll-up unit" for that battalion.

It is important to remember - each pilot in the VHPA database can have up to eight Combat Units and each unit is decoded and sorted separately. However, if we can not decode the unit (maybe because it is not properly entered into the database or maybe because we currently do not know what that unit code means); it is NOT included in this index. Please report any corrections to VHPA Headquarters.

The presentation rules listed above for the Membership, DATDDT and KIA databases resulted in 19,937 names of pilots for 560 unique "units." The Directory Committee welcomes comments concerning ways to make this index more meaningful in future editions. Please send your comments to VHPA Headquarters: ATTN: Directory Committee. Please see page 275 for a key to the status code abbreviation in front of the individual's name.

Major Commands

This section consists of VHPAers that were POWs followed by the Major Commands. Please remember the 23d Inf Div was also known as the Americal Div. The reasons for listing the POWs first are: they "paid some serious dues" and we did not have another place to put their "unit" within this presentation. This presentation order shows 60 Major Command units with a total of 1,108 pilots.

Artillery Units

This section consists of VHPAers that served with any Artillery unit believed to have had or to have controlled helicopters. The various Field Force level Artillery Commands (e.g. IFFV, XXIV Corps) and the Division Artillery Commands are listed in the Major Commands section.

The presentation order for this section is numerical by Artillery Group, then by Battalion / Artillery Regiment. The HHB appears first followed by letter Batteries within Battalions. Each Artillery Battalion that had helicopter related letter Batteries (e.g. 4/77th ARA) also has a "roll-up unit" for everyone we can not assign to a specific Battery. This presentation order shows 29 Artillery units with a total of 577 pilots.

Aviation Units

This section consists of VHPAers that served with any Aviation unit without regard to OPCON or Divisional relationships. The Aviation Section for the various Infantry Brigades (e.g. 2d Bde 9th Inf Div or 173d Abn Bde) are listed in the Major Commands section. Aviation related Transportation Corps units are listed in the Transportation Section. Security related Aviation units are listed simply as Aviation units within this section.

The presentation order for this section is numerical by Group, then by Battalion (HHC first followed by letter Companies if appropriate), and then the Aviation Companies and separate Detachments. Each Aviation Battalion (e.g. 4th Avn Bn) has a "roll-up unit" for everyone we can not assign to a specific Company. At the end of this section you will find all the NETTs (New Equipment Training Teams) and units that did not have numerical names (e.g. I Corps Avn or UTT). Many VHPAers, with more than one tour, flew with fixed wing aviation units; so these units are also listed in this section. This presentation order shows 213 Aviation units with a total of 11,927 pilots.

Cavalry Units

This section consists of VHPAers that served with any Cavalry unit without regard to OPCON or Divisional relationships. Even though the 11th Armored Cavalry Regiment was a Major Command, it is listed in this section. Aviation units (e.g. the 227th Avn Bn) that flew for the 1st Air Cav are listed in the Aviation Section. Transportation Corps maintenance units (e.g. the 412th TC Det that was attached to C/7/17th Cav) are listed in the Transportation Section.

The presentation order for this section is numerical by Cavalry Regiment, then by Squadron (HHT first followed by letter Troops if appropriate), and then the Cavalry Troops. Each Squadron (e.g. 7th Sqdn 17th Cav) has a "roll-up unit" for everyone we can not assign to a specific Troop. Since it was possible for helicopter pilots to serve at the Squadron level in a "ground Squadron" (e.g. 1/10th Cav was a "ground" Sqdn but its D Troop was an Air Cav Troop); VHPAers with Sqdn level codes are listed in this section. However, VHPAers with "pure ground" Troop codes (e.g. D/7/17th Cav) are not listed in this section. This presentation order shows 53 Cavalry units with a total of 3,491 pilots.

Transportation and Aircraft Maintenance Units

This section consists of VHPAers that served with any Transportation unit without regard to OPCON or Divisional relationships. All the "original" TC units that were redesignated Aviation units (e.g. the 8th TC Co became the 117th Avn Co and the 45th TC Bn became the 145th CAB) are listed in this section. All Transportation Corps maintenance Detachments (e.g. the 412th TC Det that was attached to C/7/17th Cav) are listed in this section. The Aircraft Companies of the Divisional Maintenance Battalions (e.g. the E Co, 709th MNT in the 9th Inf Div) are listed in this section. The presentation order is numerical by Battalion, Company, or Detachment. Please remember the 1st TC Bn was resident on the *USNS Corpus Christie Bay*. This presentation order shows 72 Transportation units with a total of 563 pilots.

Military Service Index (Excludes U.S. Army)

This is important to remember - if your branch of service was not the U.S. Army but your VHPA record does not contain a valid branch code, you will not appear in this index. It is also important to remember that currently each VHPAer can only have one branch of service code. If, for example, you flew helicopters for the Navy and Marines, you must choose which one is more important to you for the purposes of this index - sorry. As a result of the research done after the 1997 Directory, the Directory Committee decided that all non-military organizations (e.g. Air America) would be treated as units versus services. Pilots who served with Air America are listed in the Civilian Helicopter Organizations section of the Combat Unit Index. Please report any corrections to VHPA Headquarters.

The order is branch of service and then alphabetical by last name and first initial. This index was built by extracting information from the VHPA Membership data base for 846 living Vietnam Era pilots (without regard to membership status), 288 pilots in the VHPA KIA data base, and 48 pilots in the VHPA DAT/DDT database (pilots the died training to go to Southeast Asia or that died after returning from service in Southeast Asia) and known to the VHPA as of this year's Directory cutoff date. Naturally, the names in this index must be used with the full Members and Potential Members Roster, Section I, to retrieve the full address for a living Vietnam Era pilot.

The Directory Committee welcomes comments concerning ways to make this index more meaningful in future editions. Please send your comments to VHPA Headquarters: ATTN: Directory Committee. The following status codes are used in this index:

BNR - Body Not Recovered
DAT - Died After Tour
DDT - Died During Training
KIA - Killed In Action
LIF - Life Member of the VHPA
PRO - Potential VHPA Member
REG - General Member of the VHPA
