OCTOBER 1999

VIETNAM HELICOPTER PILOTS ASSOCIATION

MISSILE! MISSILE! MISSILE!

1999 MEMBERSHIP DIRECTORY

VHPA Membership Geographical Index

This index provides the membership with an easy way to determine the number and names of pilots in any given city within the US mailing system, within the country groups for APOs and FPOs, and within countries for non-US mailing systems. Refer to Section I, Members & Potential Members to find the complete address of those listed in this index.

The presentation order is alphabetical by state. Guam (and all of US Micronesia), Puerto Rico, the Virgin Islands, and Washington D.C. are given "state status" in this alphabetical presentation. The three APO and FPO areas (The Americas, Europe, and the Pacific) follow all the states. The various countries within the APO mailing system are given city status for this index. Finally, all non-US mailing addresses (e.g. Canada, Saudi Arabia) are given city status by country but their cities are not listed.

It is important to remember that anyone with a bad address (e.g. a ? following his name in the Members & Potential Members Roster) is NOT included in this index.

Military Service Index (Excludes US Army)

This is important to remember - if your branch of service was not the US Army or your VHPA record does not contain a valid branch code, you will not appear in this index. It is also important to remember that currently each VHPAer can only have one branch of service code. If, for example, you flew helicopters for the Navy and Marines, you must choose which one is more important to you for the purposes of this index - sorry. The Directory Committee decided that all non-military organizations (e.g. Air America) would be treated as units versus services. Pilots who served with Air America, Bird Air, Continental Air Service, Evergreen, etc. are listed in the Civilian Helicopter Organizations section of the Combat Unit Index. Please report any corrections to VHPA Headquarters. Email input to hq@vhpa.org is preferred.

This index was built by extracting information from the VHPA Membership data base for 879 living Vietnam Era pilots (without regard to membership status), 299 pilots in the VHPA KIA data base, and 52 pilots who died during training or who died after returning from Southeast Asia and who are known to the VHPA as of the August 15th Directory cutoff date. The names in this index must be used with Section I, Members & Potential Members, to find the address for a living Vietnam Era pilot.

The following status codes are used in this index:

BNR - Body Not Recovered

KIA - Killed In Action

REG - General Member of the VHPA

DAT - Died After Tour

LIF - Life Member of the VHPA

DDT - Died During Training

PRO - Potential VHPA Member

Instructions for using the 1999 VHPA Electronic Directory on the VHPA CD

To get started

Place the CD in the drive, select Start, and Run

Using the Browse feature in the Run box, find the CD drive. Click on Disk1, then click on setup.exe, then on Open, then OK

This will install the VHPA 1999 Directory reader on your computer. Follow the instructions for completing the installation. The VHPA CD is required to use the reader program.

Using the 1999 VHPA Directory reader program

After the program is installed, you can double click on the icon to launch the 1999 VHPA Directory reader program. This is the VHPA's first offering of electronic features associated with the membership directory. Any feedback and/or suggestions should be directed to Gary Roush via e-mail roush@vhpa.org

Main Menu

The reader program has a main menu that looks like this:

How would you like to search the index?

UN by UNIT to get a list of pilots who served in that unit - input UN

FC by FLIGHT CLASS NUMBER from class list - input FC

CS by CALLSIGN to determine unit - input CS

PE by PERSON'S NAME - input PE

XX exit this program - input XX

How to Save Your Work

Each time you start this program, it is necessary to establish the default directory, file name and program to display the result of each search. Although it can create two types of files - ASCII text for display in any word processor or text editor program and html format for use in any web browser, the default is a temporary text file that will display in a simple text editor. From this simple text editor, you can save the file in most other formats. If you want to permanently save the search result file, you must use the 'save as' function and change its name. Otherwise, it will be overwritten during the next search.

Codes Used in the Search Results

MEM = VHPA member

LIF = VHPA Life member

POT = Potential VHPA member

KIA = Died as a result of the Vietnam War

DAT = Died After Tour

BNR = Body Not Returned

RR = Remains Returned

DDT = Died During Training

VHPA Newsletters

The CD also contains several past VHPA newsletters in pdf format. If you already have an Adobe Acrobat reader installed on your computer, all you have to do is double click on any of the .pdf files and you will be able to read them. If you do not have the Adobe Acrobat Reader installed, you can install it from the CD.

Install Adobe Acrobat Reader 4.0

Place the CD in the drive, select Start, Run

Using the Browse feature in the Run box, find the CD drive. Click on Acrord32.exe, then on Open, then OK

To download the free Adobe Acrobat reader from the Internet, go to <http://www.adobe.com/prodindex/acrobat/readstep.html>
