Vietnam Order of Battle Documents

There were many documents produced in Vietnam concerning the Order of Battle and its changes. The following are examples of some of the documents that are available from the VHPA collection on file at the Vietnam Archives at Texas Tech University. Texas Tech has many of our documents now available online at <http://www.vietnam.ttu.edu/vietnamarchive/index.htm> Following is a couple of examples of documents that are available.

The Military Assistance Command Vietnam (MACV) produced monthly summaries of the Order of Battle for both friendly forces and enemy forces. The 1st Aviation Brigade, 1st Cavalry Division and all of the other major units did as well. The first document (on this page) is a one page quarterly summary from the 1st Cav Div listing where their units were at the end of that quarter. The second document (on the next page) is one page from a 28 page document titled Operational Report of Headquarters, 1st Aviation Brigade for period ending 30 April 1969.
