## LETTER FROM YOUR EXECUTIVE COUNCIL

Dear VHPA Member,

Here is your 2006 Membership Directory. It is the latest in a series of 23 annual directories produced for you by dedicated member volunteers, members just like yourself. We trust you will find it an interesting, informative and beneficial piece of your membership package in VHPA. Along with the six VHPA AVIATOR magazines produced and sent to you during the calendar year, your VHPA publications are second to none in quality, content, enjoyment and information.

Twenty one years ago in 1985, the directory was 5 by 8 inches in size with 118 pages. The 2004 issue, with the addition of the large number of new addresses found during the data searches in 2003-2004, grew to 640 pages. This current issue is 576 pages, cover to cover. It includes most of the sections previously found in the VHPA Directory; however, in order to control our costs, several sections including the KIA and DAT sections have been consolidated to "Names Only" with the detailed information placed on our web site. Please refer to <http://www.vhpa.org> to find that information.

New this year is a CD-ROM version of this directory. In addition to the information contained here, it also contains e-mail addresses and phone numbers. If you would prefer to get the CD instead of the paper directory next year, please notify HQ. You can also buy one this year for \$20.

Now it's the member's turn to help make the Association grow. Go through your directory, find the name of a guy you went to flight school with, a buddy you served with in Vietnam, a pilot you flew with after returning home, a pilot you knew in the National Guard or Reserve, somebody you met since leaving the service or a resident who lives in your home town that is not a member of VHPA and contact him. Tell him about VHPA and encourage him to join. If you like what we have in the Association, pass it on to him. It is the ultimate responsibility of VHPA members to grow this Association. Thanks in advance for your efforts.

A special thanks to Gary Roush for all his efforts in putting this directory together. Please send us any comments you may have to improve the Directory. SIGN UP A NEW GUY. It's your Association.

Your Executive Council

### Directory Committee Credits

Mike Law provided the software, instructions, and basic design for this publication. Mike also designed the cover. John Givhan provided the History section.

### Editor's Comments

We continue to look for ways to improve your directory. This year all pilots alive or dead are listed in the members section so you only need to look in one place to determine a man's status. Also the Died After Tour section has been put on our Internet site along with the KIA information. By having it on the Internet, we can provide more details and update it more frequently. Producing a document like this is a daunting task, but dedicated volunteers make it happen. Please help us by providing additions, corrections and changes.

Enjoy this year's directory,

**Gary Roush**

# VHPA Memorial Scholarship Fund Offers a Positive Legacy

®

When the Vietnam Helicopter Pilots Association began in 1983, there was little thought given to establishing a scholarship program for children and grand children of VHPA members. However, over the years, donations began to mount as individuals and units challenged each other to match their giving. In 1999 the amount of accumulated funds neared \$10,000 and the Executive Council decided something needed to be done. Several different ideas were evaluated to determine how the funds could be managed and invested so that someday a sufficient principle would exist to yield an annual scholarship. In addition, procedures necessary to solicit and select a scholarship recipient were discussed. Ultimately, it was determined that (1) not enough money to yield a significant scholarship was available and (2) the process of application and selection needed to be done in such a way that would be in keeping with very high standards and procedures.

Not wanting to "re-invent the wheel", the VHPA Executive Council sought and evaluated several organizations and companies that might do the job. Much was learned about foundations and companies capable of both investing and administering the VHPA Memorial Scholarship Program. Finally, a clear choice emerged and it was obvious that the Army Aviation Association of America was the very best choice. The AAAA is an organization with very close ties to many members of the VHPA. The AAAA is made up of U.S. Army pilots. An added bonus for the VHPA was that through the AAAA Heritage Program, they would match the initial \$10,000 of the VHPA. By 2005 the total combined amounts to \$30,000+. With this combined principle, an immediate \$1,000 VHPA Memorial Scholarship became available for our 2001-2006 scholarships. Additional donations at the 2006 Annual Reunion from the 361<sup>st</sup> ACE/AWC, "Pink Panthers", will make a second scholarship possible beginning in 2007. Another added bonus is that VHPA applicants are also eligible for many of the AAAA scholarships. This partnership is a win-win situation for the VHPA and AAAA.

The AAAA Foundation has awarded individual scholarship grants each year, ranging from \$1,000 to \$15,000 given out as one, two or four year scholarships. Interest-free loans of up to \$4,000 (\$1,000 a year) are also available. Any VHPA applicant or their father must be a member of AAAA, at time of application. To apply, request a Scholarship Grant/Loan Application from the AAAA Scholarship Foundation, Inc., 755 Main Street, Suite 4D Monroe, CT 06468-2830, telephone: 203- 268-2450 FAX: 203-268-5870 – EMAIL: [aaaa@quad-a.org](mailto:aaaa@quad-a.org) and return it to the AAAA Scholarship Foundation, Inc., on or before May 1 of the year of college entry. The postmark will govern. The applicant will be requested to provide additional supporting data. All scholarships are awarded on merit.

**2006 Award**--In early August, Bill Harris, Executive Director of AAAA, sent a letter to the VHPA with the official announcements of all AAAA scholarship winners. For the 2006 competition, the AAAA received a total of 260 applicants and made 148 awards totaling \$239,000. This year's recipient of the VHPA Heritage Scholarship of \$1,000 for one year, is Mr. Kevin J. Oden, grandson of CW4 James R. Oden, Ret., of Rogers, AR. CW4 Oden is a member of the VHPA and was in Flight Class 56-10. He was one of the original SkyCrane pilots and served in the 478th HHC/1<sup>st</sup> Cav in 65-66 and 68-69. Young Oden is attending the University of Arkansas at Fayetteville, AR.

# The Vietnam Archive

## The Vietnam Archive

P.O. Box 41041 | Lubbock, TX 79409-1041 | 806-742-9010 | 806-742-0496 (fax)

Five years ago the VHPA selected The Vietnam Archive at Texas Tech University as its official repository for all historical information. The Vietnam Archive has been collecting, preserving, and making available records of the Wars in Southeast Asia since 1989. The Vietnam Archive welcomes all materials and perspectives concerning the Wars in Southeast Asia and considers no collection or donation to be too small. They believe all of the sacrifices made during the Wars are significant and the individual collections and recollections of the men and women who participated in those events are equally important. All

materials in the Archive are preserved in keeping with modern archival practices and procedures to ensure they remain available for future generations. Currently, the Archive has over 7 million pages of documentation in its manuscript and microform collections, over 2,000 maps, and more than 50,000 photos and slides related to wartime experiences in Southeast Asia.

### **Oral History Project**

The Vietnam Archive is also committed to preserving the history of the Wars in Southeast Asia from the perspective of the participants through the Oral History Project. If you are interested in being interviewed, contact Steve Maxner at the phone number below or via email at [REDACTED]

### **The Virtual Vietnam Archive**

The Vietnam Archive is also placing many materials online to facilitate free and easy access through the Internet. Thanks to funding from the U.S. Department of Education, the Vietnam Archive has created the Virtual Vietnam Archive. The Virtual Archive has already received nearly \$1 million and has hired 15 additional staff to work on this project. Anyone can now visit the Virtual Archive and utilize documents, photographs, oral histories, and other materials through our new Web Site: [www.vietnam.ttu.edu](http://www.vietnam.ttu.edu).

### **Please Participate in Preserving Your History**

If you have personal photos, stories, orders, books, maps, newspapers or other documents or memorabilia that you would like to donate to the Vietnam Archive, contact them at: The Vietnam Archive, Texas Tech University, Special Collections Library, Room 108, Lubbock, TX 79409-1041. Phone: 806-742-9010 FAX: 806-742-0496 Email: [livna@ttu.edu](mailto:livna@ttu.edu) Web Site address: <http://www.vietnam.ttu.edu>. Help ensure your legacy and the legacy of the Vietnam Helicopter Pilots Association by contacting them today.

The Texas Tech University Board of Regents created The Vietnam Center and The Vietnam Archive in 1989. The missions of the Vietnam Center include promoting the study of the Wars in Southeast Asia and supporting the collection and preservation activities of the Vietnam Archive.

# SECTION I - Members, Potential Members, and Deceased Pilots

The following roster is an alphabetical listing (by last then first name) of all 49,687 helicopter pilots who were trained to fly helicopters during the Vietnam Era and were known to the VHPA as of 15 August 2006. These 49,687 pilots include 2,035 Life, 10,500 General, and 28,976 Potential VHPA members - also 234 foreign pilots (FOR), and 454 American pilots who did not go to Vietnam (NOT). Also listed in *italics* are all pilots who have died including 2,196 who died in Vietnam (KIA), 148 who died during training (DDT), and 5,088 who have died after tour (DAT). **Details for all deceased pilots are at <http://www.vhpa>** Each Life Member is identified with a large \* following his name. All VHPA members who are "active" (either Life Members or General Members current with their VHPA membership dues) appear with their names in **bold print**. All VHPA General Members whose annual membership dues are not current and all pilots who have not yet joined the VHPA (Potential Members) appear with their names in normal print. All Potential Members have a large # following the name. Underlined names indicate that the information is new or changed since the last directory. E-mail addresses are not included in this publication but are included in the CD Directory available from HQ.

The VHPA needs everyone's assistance to make this roster accurate. There are 7,936 pilots whose addresses are missing or marked with a question mark (VHPA's mail is being returned). Please send additions or corrections to VHPA Headquarters or the database committee.

**THIS MEMBERSHIP DIRECTORY IS PUBLISHED FOR THE INFORMATION OF VHPA MEMBERS ONLY. USE OF THIS ROSTER FOR ANY TYPE OF SOLICITATION IS PROHIBITED. THIS ROSTER WILL NOT BE DISTRIBUTED TO NON-VHPA MEMBERS.**

## VHPA Membership Geographical Index

This index provides the membership with an easy way to determine the number and names of pilots in any given city within the US mailing system, within the country groups for APOs, and within countries for non-US mailing systems. Refer to the Members & Potential Members section to find the complete address of those listed in this index.

The presentation order is alphabetical by state. Guam (and all of US Micronesia), Puerto Rico, the Virgin Islands, and Washington D.C. are given "state status" in this alphabetical presentation. The three APO areas (The Americas, Europe, and the Pacific) follow all the states. The various countries within the APO mailing system are given city status for this index. Finally, all non-US mailing addresses (e.g. Canada, Saudi Arabia) are given city status by country but their cities are not listed.

**It is important to remember that anyone with a bad address (e.g. a ? following his name in the Members & Potential Members Roster) is NOT included in this index.**

## Combat Unit Index

The Combat Unit Index provides the Membership with an easy way to locate the number and names of pilots that served with any given Southeast Asian unit during the Vietnam War. Naturally, the names in the index must be used with the full Members and Potential Members section to retrieve the full address.

The presentation order generally follows the one used by Shelby Stanton in *Vietnam Order of Battle*. There are four levels in Stanton's presentation order. First, U.S. Army units followed by all other U.S. military services and finally all allied forces. Second, higher commands in ascending numerical order (e.g. 1st Cav Div, 1st Inf Div, 4th Inf Div) followed by subordinate units. Third, U.S. Army subordinate units are ordered alphabetically by logical branch (e.g. Artillery, Aviation, Cavalry, Engineer). Fourth, units from other military services. Civilian aviation companies are considered a "military unit." We added a "roll-up unit" when that was needed. For example, each battalion sized unit had a Headquarters plus two or more letter (A, B, C) units but if the VHPA database contains only the battalion name rather than a specific unit name, this individual is assigned to the "roll-up unit" for that battalion.

**It is important to remember - each pilot in the VHPA database can have up to eight Combat Units and each unit is decoded and sorted separately. However, if we can not decode the unit (maybe because it is not properly entered into the database or maybe because we currently do not know what that unit code means); it is NOT included in this index.** Please report any corrections to Gary Roush at [roush@vhp.org](mailto:roush@vhp.org) or VHPA Headquarters at [HQ@vhp.org](mailto:HQ@vhp.org)

The presentation rules listed above for the membership, DATDDT and KIA databases resulted in 27,234 names of pilots for 671 unique "units." The Directory Committee welcomes comments concerning ways to make this index more meaningful in future editions. Please send your comments to VHPA Headquarters: ATTN: Please see page 388 for a key to the status code abbreviation in front of the individual's name.

## Major Commands

This section consists of VHPAers who were POWs followed by the Major Commands. Please remember the 23d Inf Div was also known as the Americal Div. The reasons for listing the POWs first are: they "paid some serious dues" and we did not have another place to put their "unit" within this presentation. This presentation order shows 63 Major Command units with a total of 1,432 pilots.

## Artillery Units

This section consists of VHPAers who served with any Artillery unit believed to have had or to have controlled helicopters. The various Field Force level Commands (e.g. IFFV, XXIV Corps) were listed in the Major Commands section.

The presentation order for this section is numerical by Artillery Group, then by Battalion / Artillery Regiment. The HHB appears first followed by letter Batteries within Battalions. Each Artillery Battalion that had helicopter related letter Batteries (e.g. 4/77th ARA) has a "roll-up unit" for everyone we can not assign to a specific Battery. This presentation order shows 36 Artillery units with a total of 798 VHPAers.

## Aviation Units

This section consists of VHPAers who served with any Aviation unit without regard to Divisional relationships. The Aviation Section for the various Infantry Brigades (e.g. 2d Bde 9th Inf Div or 173d Abn Bde) are listed in the Major Commands section. Aviation related Transportation Corps units are listed in the Transportation Corps Section. Security related Aviation units are listed simply as Aviation units within this section.

The presentation order for this section is numerical by Group, then by Battalion (HHC first followed by letter Companies if appropriate), and then the Aviation Companies and separate Detachments. Each Aviation Group and Battalion (e.g. 4th Avn Bn) has a "roll-up unit" for everyone we can not assign to a specific Company. At the end of this section you will find all the NETTs (New Equipment Training Teams) and units that did not have numerical names (e.g. I Corps Avn or UTT). Many VHPAers, with more than one tour, flew with fixed wing aviation units; so those units are listed in this section. This presentation order shows 235 Aviation units with a total of 17,017 VHPAers.

## Cavalry Units

This section consists of VHPAers who served with any Cavalry unit without regard to Divisional relationships. Even though the 11th Armored Cavalry Regiment was a Major Command, it is listed in this section. Aviation units (e.g. the 227th Avn Bn) that flew for the 1st Air Cav are listed in the Aviation Section. Any Transportation Corps maintenance units (e.g. the 412th TC Det that was attached to C/7/17th Cav) are listed in the Transportation Section.

The presentation order for this section is numerical by Cavalry Regiment, then by Squadron (HHT first followed by letter Troops if appropriate), and then the Cavalry Troops. Each Squadron (e.g. 1st Sqdn 10th Cav) has a "roll-up unit" for everyone we can not assign to a specific Troop. Since it was possible of helicopter pilots to serve at the Squadron level in a "ground Squadron" (e.g. 1/10th Cav was a "ground" Sqdn but its D Troop was an Air Cav Troop); VHPAers with Sqdn level codes are listed in this section. However, VHPAers with "pure ground" Troop codes (e.g. D/7/17th Cav) are not listed in this section. This presentation order shows 55 Cavalry units with a total of 4,855 VHPAers.

## Medical Air Ambulance Units

This section consists of VHPAers who served with any Air Ambulance related unit without regard to Divisional relationships. Only two Medical Battalions (e.g. the 15th and the 326th) had organic Air Ambulance Platoons; so only those Med Battalions appear in this section. The presentation order for this section is numerical by Groups followed by Detachments, Companies, and Battalions. This presentation order shows 18 Medical units with a total of 785 VHPAers.

## Military Intelligence, Signal, and Logistics Units

This section consists of VHPAers who served with two relatively small organizations: any Military Intelligence or any Signal units. The presentation order is numerical by the MI Groups, the Signal Brigade level (e.g. STRATCOM) followed by the Signal Groups then the few Battalions that had helicopters. This presentation order shows 15 units with a total of 146 VHPAers.

## Aviation Maintenance, Transportation and Support Units

This section consists of VHPAers who served with any Transportation unit without regard to Divisional relationships. All the "original" CH-21 Transportation Corps units that were redesignated Aviation units (e.g. the 8th TC Co became the 117th Avn Co and the 45 TC Bn became the 145 CAB) are listed in this section. All Transportation Corps maintenance Detachments (e.g. the 412th TC Det that was attached to the C/7/17th Cav) are listed in this section. The "pure" Maintenance Battalions (e.g. the 709th MNT in the 9th Inf Div) are listed in this section. The presentation is numerical by Battalion, Company, or Detachment. Please remember the 1st TC Bn was resident on the USNS Corpus Christie Bay. This presentation order shows 112 Transportation and Maintenance units with a total of 1,063 VHPAers

## U.S. Marine Corps Units

This section consists of VHPAers that served with any U.S. Marine Corps helicopter related unit. The presentation order is the 1st Air Wing followed by the three Air Groups with their respective H&MS and HM\* Squadrons in numerical. The VMOs appear last. It was common for multiple tour Marine pilots to fly with fixed wing squadrons, but these squadrons are not included in this section. This presentation order shows 39 units with a total of 1,305 VHPAers.

## Australian, Korean, Laos, Philippines, and Thailand Helicopter Units

This section consists of VHPAers who served with either of the two Australian helicopter units or were helicopter pilots from the Australian or New Zealand military and serving in Vietnam. The Royal Australian Navy helicopter pilots who served with the 135th AHC "EMUs" and "TAIPANs" are listed with the Americans in the Aviation section of this index. Next the Korean and Philippines units are presented. If the VHPA had data on any Thai helicopter pilots, it would be presented here. This presentation order shows 8 units with a total of 26 VHPAers.

## Military Service Index (Excludes US Army)

**This is important to remember - if your branch of service was the US Army or your VHPA record does not contain a valid branch code, you will not appear in this index.** Currently each VHPAer can only have one branch of service code. If, for example, you flew helicopters for the Navy and Marines, you must choose which one is more important to you for the purposes of this index - sorry. As a general rule, the military service that trained you as a helicopter pilot is the one used by the VHPA. Air America is treated as both a unit and a service. Pilots who served with Bird Air, Continental Air Service, Evergreen, etc. are listed in the Civilian section. Please report any corrections to Gary Roush at or VHPA Headquarters at HQ@vhpa.org

This index was built by extracting information from the VHPA Membership data base for living Vietnam Era pilots without regard to membership status, pilots in the VHPA KIA data base, and pilots who died during training or who died after returning from Southeast Asia and who are known to the VHPA as of 15 August 2006. The 7,360 names in this index must be used with Section I, Members & Potential Members, to find the address for a living Vietnam Era pilot.

The following status codes are used in this index:

BNR - Body Not Recovered  
KIA - Killed In Action  
REG - General Member of the VHPA

DAT - Died After Tour  
LIF - Life Member of the VHPA  
NOT - Did not go to Vietnam

DDT - Died During Training  
PRO - Potential VHPA Member

History continued from page 386....sustained as a result of enemy ground fire. Something had gone wrong. Questions were asked and issues raised to avoid repetition of these mistakes in future helicopter combat employments. As a result, Planning was more tightly coordinated with the lifted ground elements, improved liaison was established between ARVN and US helicopter units and command and control procedures/responsibilities were reviewed. The 45th Aviation Bn, then parent headquarters of all transport helicopter companies in Vietnam, got more directly involved in mission planning. However, with units dispersed over a distance of 400 miles, from Soc Trang in the Delta to Nha Trang along the coast of the Central-Highlands, left the command little choice but to continue delegating primary control of helicopter combat operations to company level with staff support provided by battalion headquarters.

By pooling the resources of two or more helicopter companies and assisted by the type of fire support mentioned earlier, major operations were conducted throughout the Delta and within a 100 -150 mile radius north, east and west of Saigon throughout 1963 and into 1964. Most were executed very successfully, many under enemy ground-fire while enroute or upon landing in the LZ. Generally, few losses were sustained by helicopter companies. And again, much of the successes must be attributed to individual helicopter unit commanders and their small ad hoc staffs. Frequently, officers assigned to flight platoons were detailed to work in such needed, but not-authorized, positions of operations, intelligence and liaison officers. Generally, the commanders would be in one of the lead helicopters and a staff member would control the entire operation, to include all fire support elements, from an O-1 Birddog, light fixed wing aircraft, flying at an altitude from which he could oversee and direct all facets of the airmobile assault. Direct radio communications between all fire support elements and controller, as well as the helicopter commander and controller, lent flexibility to the scheme. It permitted instant introduction of changes to a given situation such as timing of events, enemy fires, flight patterns, touch-down points and arrival times in landing zones. This experienced team was able to bring to bear all lessons learned, even in a very fluid situation, thereby avoiding many of the mistakes made in the past.

An operation that comes to mind was one launched in Kien Hoa province on January 17, 1964. On this day the US Army in Vietnam had assembled one of the largest helicopter forces ever to undertake an airmobile operation by lifting major elements of the 9th ARVN Division into a Vietcong stronghold. Excellent communications and control among all airborne elements resulted in a near textbook - not yet written at this time- version heliborne combat assault. Arrangements

included time sequenced fire-support by ARVN Artillery, USAF/VNAF B-26 and T-28 close air support as well as the escort of the UTT armed helicopter company. All fire support activities were executed as scheduled and the fires shifted just as the troop carrying helicopters were on short- final approach. At that time, heavy ground-fire was encountered by both the controller marking the LZ for the troop carriers and armed helicopter escort elements continuing to reconnoiter the fringes of the LZ by fire. The commander of the helicopter unit, Major Pat Delavan, upon receiving recommendation from the controller to go for an alternate touch-down point, was able to avert disaster, deliver the troops to the battle field and depart the landing zone without a single helicopter loss. By updating himself of the most current enemy situation, while one mile out on final approach, he was able to land his formation out of effective enemy small arms range and successfully accomplish the mission. Although numerous hits were sustained by his lift helicopters resulting in a number of light casualties, application of the Ap Bac lesson had paid off. In all fairness, mention must be made of armed helicopter losses sustained by the escorting UTT gunships that day. One aircraft was hit by an anti tank-weapon while firing suppressive fire into concealed and covered enemy positions along a tree line. The helicopter was literally blown out of the sky with all four crew members killed in action. Another gunship was hit and lost the tail rotor, successfully autorotating into the Mekong River. Two members of that crew could not be rescued but drowned as a result of that incident.

By this time aviation battalion headquarters had become very active in the support of aviation missions, routinely carrying and establishing a forward command-post to the departure air-strip or pick-up zone (PZ) and assuming all coordination and liaison functions between US aviation and ARVN ground units. The Bn forward tactical element normally consisted of a first-aid station and ground-to-air communications as a minimum. Moreover, the Avn Bn commander would be in the air in a specially equipped Command and Control Huey helicopter monitoring activities and communications exercised by his subordinate units, commanders and air-controllers.

In 1963 it became more apparent to the planners and decision makers in the Pentagon that an official, more permanent solution had to be developed toward converting transport helicopter units into combat helicopter lift units. Hence, during that year, the four H-21 helicopter transport unit were officially redesignated the 118th, 119th 120th and 121st lift helicopter (light) companies. Even the 45th helicopter Transport Bn was renamed and now became the 145th Helicopter Bn. Some additional equipment was authorized. For instance, door mounted, jerry rigged, WW II vintage light machine guns were replaced with new M-60 MGs in both cargo door openings. More at <http://www.vhpa.org>
