- **Electronic Records of the Combat Area Casualties File (CACF), 1967 - 1997**

2 documents have been digitized from the Combat Area Casualties Current File (CACCF) and the Documentation for the Combat Area Casualties Returned Alive File CACRAF have been digitized. The combined Combat Area Casualties File (CACF) database contains records on U.S. military personnel who were casualties in Cambodia, China, Laos, North Vietnam, South Vietnam, or Thailand during the conflict in Southeast Asia, also known as the Vietnam War or Vietnam War. For purposes of the (CACF), casualties were U.S. military personnel who died from any cause or who were missing in action (MIA) or prisoners of war (POW). Final records for each MIA or POW document whether he returned alive to military control or was declared dead. The Office of the Secretary of Defense began transferring separate files, known as "Current File" CACCF, final records - deceased personnel, "History File" CACHF, non-final records and "Returned Alive File" CACRAF, final records - personnel who returned alive, beginning in 1988. The (CACF) is a dynamic data base; OSD transfers an annual update of the CACF to NARA. Please note that the data files are not available online. These materials are held by NARA's Center for Electronic Records (College Park, MD). Search Hint: To retrieve the 2 digitized documents:

- Go to <http://www.archives.gov/research/arc/>.
- Press the **Yellow** search button to go to the **Archival Descriptions Search** screen.
