## Shot List

Shows a forward air controller of the 101st Abn. Division, 2/506 Infantry, at FBS Ripcord, directing airstrike on an adjacent heavily bunkered VC/NVA position. Also shows general shots of Ripcord such as batteries of 105 and 155mm howitzers, men carrying ammunition. Shows more airstrikes the following day, with 1000 lb. bombs, after D Company, 2/502 Infantry was still unable to advance on hill. Shows the men trying to take cover from the 50-70 knot winds frequent at Ripcord, then leaving cover to participate in a fire support mission, aiding ground troops. Shows a loader on a 105mm howitzer after he was struck by the cannon recoiling (loaded with a charge 7 maximum load), while firing against an enemy mortar position which was firing on Ripcord. The loader was startled by a mortar landing nearby, and moved into the recoil of the howitzer. Shows loader being carried away as suppressive fire continues. The mortar attack left 2 US KIA and 14 WIA. This sequence was shot in conjunction with SP4 Jerry Dubro, who has a sequence of the loader being hit by the recoil. Shows the impact area of a 120mm mortar which landed on the helicopter pad at Ripcord during an early morning barrage which left 7 US WIA. Shows helicopter trying to land in the high winds, and being forced off by the combination of winds and mortars.
