Reassignment of Aviation Units

TO	FROM	DATE	CMT 1
G-3	G-4	25 May 69	

Maj Gill/jdb/4380

1. (u) Reference DF your office, subject: Reassignment of Aviation Units, dated 22 May 1969.

2. (C) In compliance with reference above, the following comment's are submitted.

- a. There are no foreseeable general supply problems.
- b. (C) This proposed reassignment will cause no additional engineer effort other than what has been previously stated in the G-3 staff study. Construction has been requested to satisfy immediate requirements and has a tentative completion date of 30 Jun 69. Other long range construction projects (MCA) are being planned at this time. All facilities and utilities are being planned to support the relocation of the two assault helicopter companies.
- c. (C) The 147th ASHC, 162nd AHC and 191st AHC are presently supported by the 388th TC at Vung Tau. This move of the Battalion would cause no additional support requirements on delta maintenance capability other than that already discussed in another DF from this section to G-3 referencing the 135th and 335th AHC's.
- d. (C) Any anticipated increase in administrative requirements should be easily borne by the 164th aircraft maintenance section without augmentation.
