MEMORANDUM FOR RECORD

SUBJECT: Control of ORLL's

1. Experience has shown that one officer should control the flow of subordinate units ORLL's when being staffed through out the headquarters. The following procedures have proven very satisfactory.

a. All ORLL's are logged into the G-3 section by the SGM. He has a chart for this purpose. (When staffing is complete the G-3 SGM dispatches the ORLL and also logs it out on his chart).

b. The ORLL's, when received, are given to the ORLL Officer by the SGM. The ORLL Officer controls the flow of ORLL's by use of a chart such as the one attached. Such control is necessary considering the fact that approximately 50 ORLL's are being staffed at once.

2. When all staffing is completed the ORLL, with remarks, is given to the SGM who has indorsement typed in final or draft, depending on length. The ORLL is then given to the G-3 for approval who further sends to Cmd Group for approval.
