Dear Bob,

Thanks for speaking with me on the phone between the holidays.

Enclosed is a unit history that I've been meaning to send you for some time. Charlie Lee mailed me a copy just after the Reunion. I wrote him back, thanking him for it, and asking if he had an "electronic version" of it. He prepared one and sent it to me.

Recently I had some time to review the disk version. I pulled it up under Word for Windows (version 2.0) and played with it some. So the *.WPD files are Charlie's and the *.DOC files are mine.

Initially I thought that the part following the "PERSONAL GLIMPSES:" might have been Vietnam Era material. But when you read it, you quickly see that these are Charlie's own ideas and he just added them to the history. They are very funny and I'm going to get them into the Newsletter.

I could still use those early 1968 history documents we talked about on the phone. THANKS!

Cheers!
