1. Attached ORLL has been reviewed and the following comment is submitted:  
Reference item concerning "Utilization of equipment assets from Keystone units,"  
page 9, para 2f. Units are permitted to laterally transfer aircraft within  
parent organizations. Tools and equipment are reported to the appropriate  
supply activity for issue to those units which have valid requirements. Stand-  
down of units is usually not known 100 days in advance, therefore, a 100% inventory  
of major end items RICC 1 and 2 is not possible.
2. Concur with all other paragraphs and command action.
