Attached ORLL has been reviewed and the following comments submitted:

Reference item concerning "Air Cover for Convoys," page 3, para 2d. Nonconcur with recommendation. Air cover for convoys is normally provided by aviation assets stationed within the FFV area of responsibility on an as-required basis. Normal air cover for convoys involves O-1's, LOH's and gunships. To provide the same air cover support in an aviation section organic to Support Commands is not feasible.
