

THE SKYCHIEFS

## **UNIT HISTORY**

A detailed history of the 195th Assault Helicopter Company is not available in the Office of the Chief of Military History, Historical Services Division. We have found that the unit is not new, and there is a record of commendable military service as a unit to be proud of.

The unit was constituted on 23 September 1942 in the Army of the United States as the 2036th Quartermaster Truck Company, Aviation, and activated on 1 October 1942 at Hensley Field, Texas. The Company earned campaign participation credit during World War II for Naples-Foggia and Rome-Arno. It was inactivated on 3 December 1945 in Italy. The unit was converted and redesignated on 1 August 1946 as the 2036th Transportation Corps Truck Company. On 27 September 1966, the unit was again converted and redesignated as the 195th Aviation Company and activated on 25 November 1966 at Fort Carson, Colorado. The unit remained at Fort Carson, Colorado until November 1967. In November 1967, the 195th Assault Helicopter Company joined the 214th Combat Aviation Battalion and was located at Long Binh, Republic of Vietnam. On 9 February 1968, the 195th Assault Helicopter Company was transferred from the 214th Combat Aviation Battalion to the 308th Combat Aviation Battalion. On 10 March 1968, the unit was returned to the 214th Combat Aviation Battalion.
