Dear William Greenhalgh

I have taken a little long in getting the information you requested. I must apologize for taking so long to write but we had some problems upon our return home in August. Our house was flooded.

When we returned home, we found our house in disarray. After being flooded for about two weeks. Even though the emergency crew had pulled up all the carpets and had blowers and dehydraters going, it was still musty smelling from all the water being on the floor. One of the first things I had to do was to buy another water heater and turn the water back on.

It took the next couple of days to find a place to live until our house was fixed. What was supposed to be one month turned into two months and we are still trying to get some of our furniture fixed and some touch up on the house. But we ended up with almost a new house. We had the house painted inside and new carpets and new kitchen floor. Our furniture had to be refinish and new upholstered for most pieces. Then Joan wanted the kitchen cabinets refaced and new light fixtures in the hall and kitchen. It wasn't really what I had planned it kinda put the bite on the pocket book.

My address is:

Reseda, CA 91335
Phone:

Sincerely

Ray Lane
