

## Maps

I am working to accumulate maps of the Americal AO. Here are the names and the best information about these locations at this time. The grid coordinates with "?" marks are the coordinates that I worked out using the markings from maps provided by Mr McCaig, Bill Staffa, and Tony May. I have eight different military maps that can be copied. The dimensions are 2'x 3'. I can copy them for you, but I will ask you to pay for the cost. The copy store charges \$3.05 per copy. If I do my own set up and copy, I am charged \$2.04 per copy. Mailing tubes are \$1.60 and postage has varied from \$2.90 up to \$8.00. If you have a friend in the reserves they can receive the original color map for no charge simply by requesting it.

Map references: Vietnam 1:50,000, Series L7014, Sheets: 6538 I; 6539 II, III, IV; 6638 I, IV; 6639 I, II, III, IV; 6640 I, II, III, IV; 6738 II, III, IV; 6739 I, II, III, IV; 6838 III, IV.

The best civilian style map of Vietnam came from a February 1967 issue of National Geographics. Perhaps the best high level map available is the easiest and quickest to obtain from "Sporty's", a catalogue supplier to aviators. Almost all of South Vietnam is on the ONC-K10 map. If you are interested in areas North of Da Nang, then you may want ONC-J11 as well. The maps are scaled 1:1,000,000 and are 42" x 57" and in color. Grid coordinates are marked on the map. The advertised cost of each map is \$4.50 (they only charged 3.25 each when I ordered two) plus about \$4.75 shipping and handling. Phone 1-800-543-8633 to place an order.

I found it interesting that Minh Long, Duc Pho, and Tam Ky airports were marked as not useable. The runways at Chu Lai appear to be operational. LZ Baldy, Marble Mountain, and Chu Lai are marked on the map even though these were not Vietnamese names. Saigon is marked as Hoi Chi Minh City. These warnings appear on the map:

WARNING VIETNAM AND LAOS ARE DESIGNATED SPECIAL AREAS. STATE DEPARTMENT CLEARANCE REQUIRED FOR OVERFLIGHT. SEE FOREIGN CLEARANCE GUIDE.

WARNING. Aircraft infringing upon Non-Free flying territory may be fired upon without warning.

WARNING. Unlisted radio emissions from this area may constitute a navigation hazard or result in overflight unless unusual precaution is exercised.

It is possible to obtain maps from the Defense Agency Depot. 1-410-757-1673 SFC Marsh. You must be in the reserve/active military to order the maps. Fax order 1-410-626-8767, with name, rank, service number?, unit, address and quantity.
