9. Significant problems encountered which hinder or render less effective the civic action programs conducted within the province, e.g., attitudes of local, district, and province officials and people; availability of commodities and equipment to accomplish projects:

Attitude of people is very helpful.

10. Beneficial results of civic action, to include increased cooperation of people with GVN agencies, furnishing of intelligence information by the people and evidence of effective organization of the people in their own behalf in cooperation with GVN and US/FWMAF:

Incidents involving local citizens giving intelligence information increased.

11. Description of specific civic action projects considered to be particularly effective and reasons for success to include methods employed:

ICAP's proved very beneficial in gathering intelligence information. On more than one occasion, information gathered resulted in successful operations against the enemy.

12. Selected civic action projects having particular human interest appeal making them suitable for publication:
