-- [ From: James H. Matthews \* EMC.Ver #2.5.3 ] --

Dave,

I was asked by [REDACTED] who was a pilot from FH to RVN with B Troop , to see if we can get the following message in the next Gazette.

Robert is the owner of Bobby Z's helicopter service that does extensive work for Hollywood. After seeing the B.S. that has been portrayed in the movies about the Vietnam War, he feels that it's about time there was a movie about the real people that were involved in the war. He has undertaken the task of writing a movie script "Cowboys and Indians" and would like any one wishing to share their stories, funny or serious, to put them into short (100 words or less) stories and if he would like to use them the stories can be more detailed. This is your chance B Troop, to tell everyone what it was like for you. He is not on line yet so he hasn't seen some of our already published stories, so if any of you who have contributed stories to the web site, please consider contacting him about his life long task.

Stories can be mailed to Robert Zajonc
