Dear David,

I recieved your letter and am now just getting around to amswering it due to a trip to the hospital.

Please rest assured assured that CWO Holditch, is among the names on the "NORTH WALL".

The wall is located in Windsor, Ontario, in Assumption Park. This is located right across the river from Detroit. It is just north of the bridge linking Canada and the US. It is accesable 24 hours a day.

We hold Rememberance services and unviel any new names on the 6th of July so as not to interfere with the 4th. The problem we have with finding all the names is due to the fact that in the mid 60's recrutiers were not puttind country of origin on applications. I have received over 100 letters due to the VFW publicity and we have to verify any new names.

If and when you visit, you will find Windsor to be a fine family location. Lots to see and do. It even has a casino. I have enclosed some photos of the memorial and will keep you informed of any apecial events. I will also get a closeup of your buddies name and a tracing for you.

Thanks for taking the time and caring enough to write.

Regards,

Rick
