Dear Sir:

Enclosed is a photo copy of a memorandum I received from Air America Inc. concerning renewal of policy no: 39/4255.

I wish to retain coverage with your company for the same amount specified in my last policy. In this regard I have complied with the instructions included in the memorandum. I therefore assume that my policy was renewed and a payroll deduction initiated. I do not at this date have evidence of the transaction.

Effective June 2, 1974 I no longer was an employee of Air America due to a reduction in force. I have accepted a position with Great China Airlines with duties involving flying. I will be operating with a FAA Comm. licence and First class medical certificate.

It is respectfully requested that you check your records and determine if in fact the policy was renewed and the premium paid. If so please send me confirmation of coverage. If not please send information on action necessary to regain coverage.

Yours truly,

*A.E. Gates*
