**History**

The United Veterans of America was founded by  
The Honorable Dr. Barry Allen Krupkin as the  
original worldwide veterans organization in  
January of 1980. As a veterans himself, Dr.  
Krupkin saw a great need for a veterans  
organization that would offer membership to  
veterans and allied veterans of the United States,  
including their families. Since our inception, the  
UVOA has grown to over 289,864 members.

**Mission**

The mission of the UVOA is to ensure that the  
issues affecting veterans and their families are  
recognized and addressed. We have been  
involved in many topics over the years, always  
striving to ensure the highest quality of care for  
our veterans.

The following is a list of some topics that we have  
and continue to be involved in.

- Veterans exposed to toxic war chemicals  
such as Agent Orange, and radiation.
- POW/MIA programs.
- Treat all veterans fair and equal, not just  
based upon the V.A. Compensation rating  
system.
- Higher costs of the national annual budget  
for increased health care for the Dept. of  
Veterans Affairs, that at present, is 6 billion  
dollars short of the continued needs of  
increasing medical and health care costs.
- Higher COLA increase. Veterans are  
always the last to be considered when it  
comes to the annual costs of living  
increase.
- Lobby to support WW-II and Korea  
Veterans who were promised free health  
care and yet in many cases were denied,  
forcing them to make co-payments to the  
Dept. of V.A.

*About Our  
Founder:*

Dr. Barry Allen Krupkin  
began his career in the  
U.S. Army at the age of  
16 and was inducted in

(Photo: 9/15/08) Left to Right: Jeff Miller, The Honorable 1st District of Florida Congressman. Dr. Barry Allen Krupkin, SNC, Ph.D,D,D,J,D Supreme National Commander of United Veterans of America. Former V.A. Secretary Dr. James Peake. Gary S. Krupkin, son to Dr. Krupkin.

All were on hand to inspect the new outpatient clinic at Eglin Air Force Base, Fort Walton Beach, Florida on Monday, September 15, 2008. Dr. Krupkin had received a gift, coin medal from Congressman Miller. Dr. Krupkin greatly appreciated the good Congressman and Dr. Peake for their taking the time to inspect the new clinic and for taking the great photo opportunity.

Dr. Krupkin thanked both for helping area veterans from having to travel some 156 miles one way for most veterans to and from Pensacola VAOP, and some 375 miles one way from Biloxi, Mississippi.

This new clinic greets area veterans with a welcome team that serves cookies and fresh hot coffee daily. Dr. Krupkin stated, "It is very wheelchair friendly and the staff is very helpful. I urge area veterans to make full use of this great new clinic and thank Congressman Miller and Secretary Peake for taking the time to visit with veterans at the new outpatient clinic."
