2004 has come and gone and the USS Frank E. Evans Association has had another great year. Two events have been recorded in the archives to mark our 2004 year: (1) the Dedication of the Long Beach Memorial in July, and (2) the Thirteenth Lubbock, Texas Reunion in September.

While in Long Beach, California in September, 2003 for our 12<sup>th</sup> reunion, the Board of Directors learned about the Friends of the Navy's plans for the Long Beach Navy Memorial. Dennis Swann was invited to provide the Board with additional information. After consideration of the project Memorial Chairman Cal Rankin felt the project would provide a lasting memorial to honor the US Navy and the "74" from the USS Frank E. Evans accident on 3 June 1969. In addition to the association paying for the larger monument, many of our members and families purchased bricks inscribed with names and dates of men who served on the destroyer. On 10 July 2004 a sizeable group of former crew members, parents, sisters, brothers and best friends of the lost 74 were in attendance at the dedication ceremony. The HMAS Melbourne was represented by Bob Winston. It was an honor for me, as president, to serve as one of the day's speakers. Relating the events leading up to the accident and continuing with our efforts to get names on the wall, I closed with words of appreciation and sincere thanks to all of the Long Beach community.

The 2004 reunion was the second highlight of the year. The impressive tour of the Texas Tech Vietnam Center gave attendees a behind the scenes view of the current and most modern archival tools available. The association couldn't have chosen a better facility for the safe keeping of our memorabilia. Our three programs were brought to us by Dr. James Reckner, Director of the Vietnam Center. Not only is he a tremendous speaker but he author of several books. On Thursday night we learned about Vietnam today via slides he took last summer. On Thursday and Friday evenings he took information from two of his books. He gave us insights into what it was like to be sailor in the early 1900's. and again using slides he gave a presentation of "The Great White Fleet" under Theodore Roosevelt. The Lubbock reunion may not have been one of the larger reunions but many positive comments were received.

I want to give a personal thanks to Bill Richardson for his photography and most of all for his willingness to stand ready everyday during the reunions to snap the many photos that are used in our Photo Book. The 2003 Long Beach book was put together by Cal Rankin and Sharon (Rankin) Shirack last year. When they returned home after the Lubbock reunion in September, 2004 they started working on this album. Cal's illness and passing on 12<sup>th</sup> November left a big vacuum in our association since he was the association's Memorial Chairman.

Sharon continued to work on the album while keeping up with many details of the family business. The week after Christmas, with the office closed, she started working again on the book. Her helper was husband Doug. Our association is very fortunate to have two great "Second Watch Members" in Bill Richardson and Sharon Shirack. Without them it would have been impossible to have a nice photo book this year.

As I write this letter for the photo book, we are finalizing details on the Milwaukee, Wisconsin reunion on June 9 thru 11, 2005. Those of you not in attendance last year, YOU were missed! We appreciate very much your notes on cards, with checks, E-mails and, of course your telephone calls. When your fellow shipmates call wanting to know your new phone numbers or E-mail address we are always pleased to help them. So keep up the good work of communicating with us. SEE YOU IN JUNE!

## *Ode to the Fallen*

*They shall grow not old,  
As we that are left grow old.  
Age shall not weary them,  
Nor the years condemn.  
At the going down of the sun,  
And in the morning,  
We will remember them.*
