DES and PHYL RODGERS.  
26 August, 1995.

Dear J. C,

Time has passed so quickly since the U.S.S. Frank E. Evans Reunion in Las Vegas and now you are getting ready to once again share memories, happy and sad, renew friendships and make new ones in fellowship together.

The Victory in The Pacific and associated Peace celebrations have just ended here. The television coverage has been most explicit and reminds one of the tremendous co-operation of our two navies, in both war and peace.

Our plans to join you all at this years reunion in Charleston were dashed when attendance at a family wedding in Pittsburgh clashed with the reunion dates. Unfortunately even the plane schedules enabling us to attend the Thursday programme were not practical.

Enclosed are some newspaper items of interest you may not have seen.

Our wish is to be able to join with you next year at Corpus Christi, Texas. Kindly extend my best wishes to all at the Charleston gathering.

*Yours in friendship*  
*Des Rodgers.*
