

August 8, 1994

Dear Terry,

Good to hear from you and thanks for the dues. They do help with the mailing and other costs. The list that is enclosed is the most current list of sailors we have. If you know of any addresses that I do not have, or if there are any wrong addresses, please let me know! We probably need to start getting the dates served along side each individual's name. It only takes time.

Do you have any plans to attend the Reunion in Las Vegas in October? We have had a great time at the first two meetings. You can meet some of the nicest sailors and their wives. It is a must! This is the place to start getting information as to who, what, where and when each sailor served. Also, FYI there is a professor at the University of North Texas in Denton Texas that is doing that very thing. He is collecting information on ALL T in Can sailors, but he is starting with those who served during the Second World War. I have written to him and expect to hear back soon.

I am thinking about getting patches made for the reunion. They will be of the art work at the top of this letterhead. If you would be interested, please let me know. I had t-shirts and sweat shirts made the last two reunions, and am thinking of offering that again, but may take orders at the reunion in Vegas. Caps can be ordered from an individual that Nick (H. G.) Nichols knows. Nick's phone number is

Again, it's good to hear from you and by the way, I served aboard the Evans during Korea in 1952 and 53. I was a fireman in the aft fire room. Also the VCR tape you mentioned sounds just great. I want to get a copy for my collection.

Sincerely,

J. C. Campbell
