SECUR-TICKET®

Don't Let Them Ruin Your Festival !

They are everywhere! Swarming in and infesting every area of your event. Watch closely and you can see them crawling under fences, sneaking around bushes and getting into your food. Sprays do not work. With no way to control them, they ravage and plague your festival until there is nothing left.

These pests are not roaches, ants or any other insect. They are... *freeloaders*. The people that sneak in without paying admission or wander into restricted areas. The pests that try to get free food, rides or souvenirs.

How do you stop them from invading your event? You need some way to recognize the right people, a way to identify your staff, volunteers, concession workers and maintenance crew. The people you depend on to make your festival a success.

SECUR-TICKET® is the wristband for your event. Perfect for controlling access to restricted areas, festival staff and support personnel can be quickly identified using our brightly colored bands. SECUR-TICKETS® are an easy and inexpensive way to prevent the general public from wandering into dangerous or restricted areas. With 24 colors to choose from, our bands can be used to designate access to various locations of your event. Those entering these restricted areas can be easily checked for admittance.

Thank you for considering SECUR-TICKET® wristbands for your identification needs. For a *free* catalog and samples of our vinyl and synthetic paper wristbands, please fill out the enclosed form and mail or fax it to SECUR-TICKET®. If you have any questions or would like to place an order, please call our helpful customer service representatives at 1-800-255-1865.

P.S. - Stop the invasion with SECUR-TICKET®!
