2/16/95

Hi Mr Campbell -

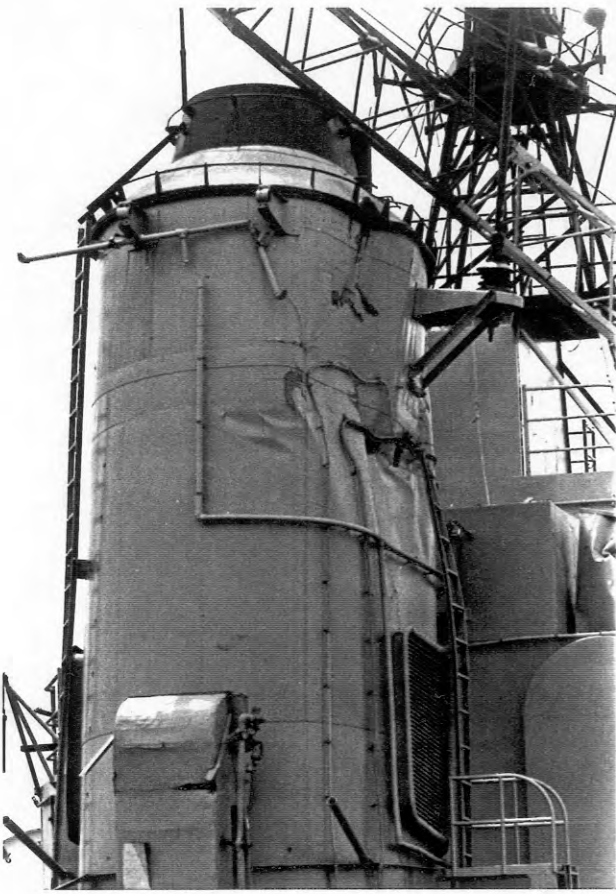

Sorry for the delay in getting these to you - my Mom sent the photos of the Frank E Evans & my brother thought he could locate the original negs pretty quickly - I was going to try & mail everything to you at once, but he has been unable to find them so we're short copy negs which will delay things -

Laser copies of the photos are enclosed - If there are any you don't think would be of interest please let me know - Also, if there is one that you would like a 16x20 or 20x24 to hang at the reunion let me know & I'll get one done for you - There is a lot more detail showing in the photos than these laser prints show -
