

U. S. NAVAL SUPPORT FACILITY

FPO San Francisco 96697

5 June '69

Dear Mrs. Macayan,

My name is Father Denis Casey, Catholic chaplain U.S. Navy, stationed at Cam Ranh Bay Vietnam. I just came from the Air Force hospital after visiting with your husband Chief Macayan. He wanted me to assure you that he is doing very well and is being well taken care of. He ~~said~~ ^{said} "Tell my wife Susie, and children Helen, Cathy and Valerie not to worry, God is taking care of me".

I found your husband in great form, we had a nice chat together and had a cigarette. He looks very well and even asked the nurse to let him walk around. Of course the nurse had to refuse him as he needs a lot of rest. I really cannot tell you yet how long he will be there and when he will be home to you and the children. I want you to rest assured that he is doing very well, as the nurse said "He is a real fine gentleman of a patient". I will be back to see him tomorrow and will let you know how he is doing. I cannot tell you his injuries, I do not know them as the doctor was with another patient. The nurse assured him that he is not on the critical or serious list.

Mrs. Macayan, if I can be of any help please let me know. My address is as on the top of the page.

The hospital's address where your husband is
12th USAF Hosp.

Ward 15

AFPO San Fran

Please remember all the crew and their families in your prayers

96326

Sincerely,

Dennis Casey
