

Sept 2, 98

Hi all

Hope you arrived home safely. We got home about 11:00 P.M. Sunday. I drove 538 miles, stopped for gas & food only, I wanted to get home so I could rest Monday before going to work at midnight. Will send pictures later. We are going to Israel Wednesday. Not much time left. Love Bless

NOTICE

News clippings in H. pages are courtesy of Bob Carlson. I am.

News clippings are from Bob & Sonja Carlson - given to me after the Frank E. Evans Memorial in Alexandria, Virginia in 1998. He was on emergency leave from Evans when collision happened. Sonja, his wife, was in a car accident & injured her leg.

"God works in mysterious ways. Had he been aboard the Evans - he would have been in the Baiter Run that went down." After the collision, he said that he cut the newspaper articles regarding the incident & saved them."
