Dear Ms. Wilcher:

We are in receipt of your letter of January 29, 1992, concerning our rule-making petition on dioxin. We have received the support of a number of other groups and organizations seeking to be added as co-petitioners. In view of the interest in this subject, especially the fish consumption data question, we would request that members of the Attorney General staff, representatives of the co-petitioners and your staff meet for an update as to the status of EPA's dioxin reassessment and research at your earliest convenience so that we may assess our options.

Please have someone from your staff contact Craig Kneisel at (205) 242-7406 to coordinate a time and place for such a meeting.

Thank you for your assistance in this matter.

Sincerely,

JAMES H. EVANS
Attorney General
