Dear Admiral Zumwalt:

At this time I must inform you that the Paralyzed Veterans of America (PVA) is unable to accept your kind invitation to join the Agent Orange Coordinating Council.

PVA is extremely committed to serving all of our nation's veterans. To that end, we will continue to address concerns on the issues regarding Vietnam veterans as deemed appropriate by our Board of Directors in a manner pursuant to our organization's established policies.

The best of luck to you in your efforts.

Sincerely,

A handwritten signature in cursive script, which appears to read 'Victor S. McCoy, Sr.', is written above the typed name.
