Dear Mr. Reilly,

The Bass Anglers Sportsman Society (B.A.S.S., Inc.) with this letter hereby requests to be included as a co-petitioner for rule-making on the dioxin standards filed by Alabama Attorney General Jimmy Evans and Admiral E. R. Zumwalt, Jr.

B.A.S.S., Inc. and our satellite organization Anglers For Clean Water (ACW, Inc.) represents over 550,000 anglers and supports a federation organization of more than 2300 affiliated chapters. B.A.S.S., Inc. has spoken out publicly on numerous occasions regarding the risk and consequences of persistent toxic contaminants in fish fresh resulting from questionable release of these contaminants into public waters. We welcome this opportunity to join the Alabama Attorney General in this necessary effort.

Respectfully submitted,

Alvin D. Mills
