Dear Admiral Zumwalt,

I regret this tardy response to your letter of invitation to join the Agent Orange Coordinating Council.

Given the size of our local staff and current obligations, we will be unable to join with you on this most important issue. This office is prepared to act as a conduit to pass information on to TREA members.

Thank you for thinking of TREA.

Very Respectfully,

John M. Adams  
Master Chief, USN (Ret.)  
Deputy Executive Director
